MINUTES OF ORGANIZATION MEETING of the Board of Commissioners of the City of Jersey City, New Jersey, held in the Assembly Chamber, City Hall, Jersey City, New Jersey, on Tuesday, May 17th, 1949, at Twelve o'clock Noon, Daylight Saving Time.

PRESENT: John V. Kenny, Louis J. Messano, Donald Spence, James F. Murray and Charles S. Witkowski, Commissioners Elect.

ABSENT: None.

Pursuant to notice under the requirements of the thirty-seventh Section, Chapter 424 of the Laws of 1871, entitled: "An Act to reorganize the local government of Jersey City," served by the City Clerk of Jersey City, upon John V. Kenny, Louis J. Messano, James F. Murray, Donald Spence and Charles S. Witkowski, that each of them had been elected Commissioner of Jersey City at an election held in Jersey City on May 10th, 1949, pursuant to the Revised Statutes 40:75-1, et seq., being an act concerning "Municipalities and Counties" and "Election of Commissioners" and the various amendments and supplements thereto, the said John V. Kenny, Louis J. Messano, James F. Murray, Donald Spence and Charles S. Witkowski met in the Assembly Chamber, City Hall, Jersey City, N. J., at Twelve o'clock Noon, Daylight Saving Time, upon the seventeenth day of May, 1949, for the purpose of organization.

The City Clerk then read the following statement and determination of election:

A Statement of the result of a Municipal Election held in the City of Jersey City, in the County of Hudson, State of New Jersey, on the Tenth day of May, in the year One Thousand Nine Hundred and Forty-Nine, to choose five members of the Board of Commissioners of the City of Jersey City, from the canvass of the returns received by Francis X. Burke, City Clerk of the City of Jersey City, the Tenth day of May, One Thousand Nine Hundred and Forty-Nine, from the District Boards of Election of all the election districts of Jersey City and from the Hudson County Board of Elections as to the Military vote, which conducted said Municipal Election of said May Tenth, One Thousand Nine Hundred and Forty-Nine, made by Francis X. Burke, City Clerk of the City of Jersey City, the Eleventh day of May, One Thousand Nine Hundred and Forty-Nine in compliance with Revised Statutes 4:75-1, et sec. being an act concerning "Municipalities and Counties" and "Election of Commissioners," and also pursuant to Revised Statutes, Title 19, concerning "Elections," and the supplements thereto and amendments thereof.

From such canvas of the returns submitted by the District Boards of Election and the Hudson County Board of Elections as to the Military vote, which conducted said elections, I do find that the total number of names on the Permanent Registry

418748

Binders is one hundred and sixty-three thousand, five hundred and thirty (163,530); that voting machines were used throughout Jersey City and that the total number of names certified as having voted on said machines by the members of the District Boards of Elections was one hundred forty-three thousand, four hundred and ninety-one (143,491); that the total number of names certified as military votes cast was thirty-four (34), making the total number of votes cast one hundred and forty-three thousand, five hundred and twenty-five (143,525).

I DO HEREBY CERTIFY that the foregoing is a true, full and correct statement of the result of the election above mentioned as the same is exhibited by the statement of canvass made by the said District Boards of Election from all of the Election Districts of Jersey City and the Hudson County Board of Elections as to the military vote, to me as City Clerk of the City of Jersey City, after the closing of the polls on May Tenth, One Thousand Nine Hundred and Forty-nine, according to law, and that the same exhibits the number of those who voted, the name of each person for whom any vote or votes were given, the number of votes given to each person in each election district for the Office of Commissioner as aforesaid, as they appear to me as City Clerk on the date aforesaid.

From such statements I do find that the following candidates received a majority of votes for the Office of Commissioner as aforesaid, namely, John V. Kenny, Louis J. Messano, James F. Murray, Donald Spence and Charles S. Witkowski.

THEREFORE, I, Francis X. Burke, City Clerk of the City of Jersey City, do determine that at the said Municipal Election held May Tenth, One Thousand Nine Hundred and Forty-nine, as aforesaid, John V. Kenny, Louis J. Messano, James F. Murray, Donald Spence and Charles S. Witkowski, were duly elected as members of the Board of Commissioners of the City of Jersey City.

I DO CERTIFY that the foregoing is a true, full and correct statement of my determination as City Clerk of the City of Jersey City therein mentioned.

IN WITNESS WHEREOF, I have set my hand and affixed the corporate seal of the "CITY OF JERSEY CITY," this Eleventh day of May, One Thousand Nine Hundred and Forty-nine.

The City Clerk then announced that the first order of business would be the choosing of a Temporary Chairman.

Commissioner Spence nominated Commissioner Kenny to be Temporary Chairman. The nomination was seconded by Commissioner Murray and carried. Commissioner Kenny assumed the Chair.

At this time Rev. Leroy McWilliams of St. Michael's R. C. Church, Jersey City, delivered the following invocation:

"We are here today because the votes of some 81,000 people in Jersey City made such an inauguration possible. As a simple man in the street said to me the day before election: 'We can't miss, Father, because it's in the hearts of the people.'

"The little man, the simple folk was tired of being pushed around, haunted with fear and taunted with every type of threat and reprisal. It wasn't the American way of life and in a popular uprising they went to the polls and expressed their indignation. It was their way of saying that the day was past when you could just put the whole community in a straight jacket and get away with it. Jersey City has once again joined the society of free cities of the United States. Freedom from fear is really an accomplished fact.

"It's been said some people believe in law and order if they make the laws and execute the orders. Under a dictator such a proposition would be intolerable. In other circumstances, however, such a statement could be true enough if we understand by law an ordinance of right reason, promulgated by legitimate authority for the good of all the people. God is the Supreme Governor and Ruler of the universe, but He communicates to men legitimately elected to public office, a share in that authority. They have a grave responsibility and must one day give an account of their stewardship to Him.

"There is a tendency among men in public life today to forget these simple elementary truths and to use their office not for the common good but for personal gain. The Ten Commandments are wrapped up in moth balls and stored away in the closet of forgotten things. They substitute a code of "ethics" that is at variance with the Decalogue and the Sermon on the Mount. But integrity should be an essential part of public as well as private life. Morality in politics is something devoutly to be wished for.

"My fellow Commissioners, this is a great day for you. The eyes of Jersey City are upon you. You have been elected to high office after one of the greatest political battles of the century. I extend to you my heartiest congratulations and remind you that: 'Unless God builds the house, in vain do they labor who build it.'

"While congratulating and commending all the Commissioners as stalwart men and true, I know I will be pardoned if I reserve a special word of praise for your new Mayor, The Honorable John V. Kenny.

"We have been friends for more than thirty years, and during that time he has revealed himself as a humble and good parishioner, a great benefactor of St. Michael's Church, a shining character with those rich hues of personality by which the people recognize their favorites. I have seen those qualities of leadership he possesses develop and mature, reaching their full flower and final climax in the recent magnificent campaign he headed with such resounding success.

"And finally I want to tell you he began his new career today where all great works should begin—before God at the foot of the Altar. Both Mrs. Kenny—his good wife, and himself were present this morning at a special Mass in St. Michael's Convent Chapel. And so as you have begun, John, may you continue. The best of everything to you and your colleagues.

"May the blessing of God Almighty, the Father, the Son and the Holy Ghost descend upon you and remain with you always."

The Chair then announced that the next order of business would be the nomination and election of a City Clerk of Jersey City.

Commissioner Witkowski offered the following resolution and moved its adoption:

RESOLVED, That James A. Tumulty, Jr., be, and he is, hereby appointed City Clerk of Jersey City, at an annual salary of Seven Thousand Five Hundred Dollars ($7,500.00), payable in equal semi-monthly installments; said appointment to take effect immediately; and

BE IT FURTHER RESOLVED, That the said James A. Tumulty, Jr., forthwith enter into bond to the City of Jersey City with sufficient surety in the sum of Twenty-Five Thousand Dollars ($25,000.00), the sufficiency of the surety to be approved by the Corporation Counsel.

May 17, 1949

Honorable Board of Commissioners
City of Jersey City, N. J.
Gentlemen:

I hereby lodge with your Board a formal protest against my removal as City Clerk and your attempt to appoint any other person to that office. I was appointed as City Clerk of Jersey City by the City Commission on June 17, 1947, as appears on a copy of a resolution which is attached to this communication.

I served in World War II in the Army of the United States for a period from September 16, 1940, to November 12, 1945, on which date I was honorably discharged.

Having been appointed as City Clerk without limitation of term, I take the position that my service as City Clerk does not expire with the outgoing City Commission and that I continue to serve as City Clerk.

I hereby formally tender to your Board my services as City Clerk and state that it is my intention to remain as such and to perform those duties which I may be required to perform under the Laws of the State of New Jersey, and I claim the protection of those statutes which were enacted by the legislature of New Jersey for the protection of those who served their country in the armed forces during time of war.

Yours respectfully,
(s) Francis X. Burke
City Clerk.

May 17, 1949

The City Clerk advised the Board of Commissioners that there was no further business before the Board.

At this time Reverend Thomas Lamont of The Old Bergen Church, Jersey City, N. J., gave the following benediction:

"Upon these Thy servants, who this day assume the responsibilities of their respective offices, we pray Thy blessing and benediction. Grant that in all times of doubt and uncertainty they may have the grace to ask what Thou would'st have them do. May the spirit of wisdom save them from all false choices. In Thy light may they see light, and in Thy plain path may they not stumble.

"The Lord bless thee and keep thee; the Lord make His face to shine upon thee, and be gracious unto thee; the Lord lift up His countenance upon thee and give thee peace."

Mayor Kenny then addressed the assemblage as follows:

"To find the right words to completely express the gratitude of the commissioners and myself to all of our friends is impossible.

"However, we do want them to know that we are profoundly grateful. We can only humbly say to our friends and particularly to those who are participating in these ceremonies—thank you.

"Today is a glorious one. It is a day in which the people of Jersey City can rejoice. It is a day which will be written into history, for it is the day we commence to be a free and untrammeled citizenry.

"It is a day which spells the end to outmoded political behavior. Today is the end of the rule of thumb and the ushering in of the rule of reason in our city government.

"During the campaign for election your commissioners adopted the slogan—'Freedom for All.' Let me assure you, the choosing of this phrase was not accidental. Its adoption came about because it symbolized the very thing the people of this city desired as American citizens, things which had been denied them. We, as candidates, became their instrumentalities through which they could express their desires.

"The results of last Tuesday's election are clear and convincing. No one can argue that the votes which were cast do not adequately express the will of the majority of the people. The citizens most emphatically emphasized they wanted freedom of speech, freedom from fear, freedom from royal rule and, above all, freedom from political slavery.

"Our election last Tuesday was made possible through the combined efforts of several groups and individuals. To them we offer our sincere thanks.

"It was especially encouraging to see the rank and file of labor rally to our cause. They were with us to a man. In return, we want them to know that this commission is on record as being opposed to the Taft-Hartley Act.

"We are also grateful to the veterans' organizations throughout the city, to the housewives, reporters and photographers, the members of the 40 clubs which organized in our behalf and to the many thousands of workers, even those who played the smallest part in Jersey City's greatest triumph.

"We, as your commissioners, are deeply aware of the confidence you have imposed in us. We shall always, while functioning as the administrators of the affairs of Jersey City, be mindful of it. We shall not betray your trust.

"We are mindful, too, of the great responsibility which has fallen upon us. However, we must all realize that we cannot undo overnight that which has taken place for three decades.

"In our endeavors to administer the affairs of your city we have started at the point where any business, be it commercial or municipal, should start.

"A few minutes ago a resolution was passed which empowers the services of an auditor to immediately examine the books of Jersey City so we can ascertain just what its financial status is today.

"The revelation of the true state of affairs, when they are made known to us—I assure you—will be made public property. It will serve as a guide to us in our administration.

"In other words, it is our thought, that since today is the beginning of a new era in Jersey City, we close the books of the outgoing administration.

"We want to start with a clean slate and not be saddled by the omissions and commissions of men who have ruled in the past.

"It is our intention to put into action those things which are essential to carry out the ten points of the platform upon which we stood as candidates. They are the ten most important matters with which the citizens of this city are concerned with. We shall carry them out to the last letter.

"This Board of Commissioners will at all times keep you informed of your city's condition. There is no iron curtain in the Mayor's office, nor are there any in the other departmental offices. We want you to feel you are welcome to come in and sit at our desks with us and freely express your thoughts and opinions.

"For—after all—this is your city."

On motion of Commissioner Messano the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 17th day of May, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

MEETINGS OF JUNE, 1949

Meeting of JUNE 7, 1949

Minutes of a regular meeting of the Board of Commissioners of the City of Jersey City, New Jersey, held in the Assembly Chamber, City Hall, Jersey City, New Jersey, on Tuesday, June 7th, 1949, at 10:30 A.M. Daylight Saving Time.

The Mayor called the meeting to order at 11 o'clock A.M. and directed the City Clerk to call the roll:

Present: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.
Absent: None.

The Mayor announced a quorum present and directed the City Clerk to proceed with the order of business.

On motion of the Mayor, seconded by Commissioner Murray and carried, the reading of the minutes of the previous City Commission meeting, was dispensed with.

ALTERATION HEARING

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the granting of the following described application:

Jersey Motors for permission to erect a sign on roof of individual structures at premises 38-40 Collard Street, Jersey City, N. J.,

the City Clerk read the public notice and then called for anyone who might desire to protest against the erection of said signs. No one appeared to protest and no written protests were received.

By MAYOR KENNY:

RESOLVED, that the application of Jersey Motors for permission to erect a sign on roof of individual structures at premises 38-40 Collard Street, Jersey City, N. J., be approved as per plans on file in the Building Department, said application having been duly advertised according to law and no protests having been received. This permission is granted with the understanding that said sign will comply with all sign ordinances.

The roll being called the foregoing resolution was adopted by the following vote:

Yeas: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.
Nays: None.

PETITIONS AND COMMUNICATIONS

From Philip Giunta, requesting transfer of barber shop permit from Dominick Spatucci at premises 132 Monticello Avenue.

Received.

From Fred Contey, requesting permission to erect sign projecting 7 feet from building line at 523 Communipaw Avenue.

Received.

From Jersey Motors, Inc., requesting permission to erect sign on roof of premises 38-40 Collard Street.

Received.

From Hudson County Park Commission, submitting copy of a resolution passed on May 16th, 1949 for the purpose of acquiring from the City of Jersey City lots 16, 17, 18, 19, 20, 21, 23, 27, 29 and 31A in Block 1739 for park purposes and to offer the City of Jersey City $10,500.00 for the purchase of said property, said property to be incorporated into the present confines of Lincoln Park.

Received and on motion of Commissioner Messano, seconded by Commissioner Murray and carried, the communication was referred to Commissioner Spence and the Corporation Counsel.

From Charles K. Handel, voicing objections to the erection of the proposed new Public School Number Eight, and requesting to be heard by the City Commissioners.

Mr. Handel appeared before the Board and stated his objections as follows:

1. The site is undesirable for a school costing $2,300,000.00. The Jersey City Planning Board so informed the School Board but its advice was ignored.
2. The proposed building is functionally inadequate in that it does not make proper provision for the use of the building as a neighborhood center. In New York City all new school buildings are designed to be used not only for schools but for recreational activities and neighborhood functions and are so designed for the purpose of combatting juvenile delinquency as well as furnishing educational facilities.
3. The lowering of construction costs alone might be sufficient reason for reconsidering this project.
4. The land acquired by the City could be held as the site of a future housing project under either Federal or State plans.

In view of the foregoing I believe that the project should be reconsidered by the Commission and a new study made and public hearings held on the subject.

By MAYOR KENNY:

Mr. Handel, let the Mayor inform you that the members of this Commission and I will incorporate your communication and the suggestions you have made into our pending plans. For the time being however, I must assure you, we do not control the actions of the Board having jurisdiction in the matter.

On motion of Commissioner Murray, seconded by Commissioner Messano and carried, Mr. Handel's communication was received and referred to the Mayor and Corporation Counsel for investigation and consideration.

From Hudson County Industrial Union Council C.I.O., Charles T. Balcer, Executive Secretary, advising the City Clerk that the Council desires to present three resolutions recently adopted by their organization and that Mr. John M. Reilly, President of the Council will present these resolutions at the City Commission meeting on June 7th, 1949.

Mr. John M. Reilly appeared before the Board and read the following resolutions:

May 19, 1949.

June 2, 1949.

WHEREAS, the number of unemployed in the City of Jersey City is mounting steadily, and

WHEREAS, the amount of insurance benefits being paid currently are inadequate, and

WHEREAS, the number of weeks of eligibility are also inadequate, now, therefore

BE IT RESOLVED, that the Hudson County Industrial Union Council, affiliated with the Congress of Industrial Organizations, respectfully petitions the Board of Commissioners of the City of Jersey City to lend all possible assistance in our efforts to increase unemployment benefits to the maximum of $30 for 30 weeks.

June 2, 1949.

WHEREAS, we rejoice in the pledge of this Honorable Commission to study and act toward the solution of this problem, and

President,
(s) John Prina,
Vice-President,
(s) Charles T. Balcer,
Executive Secretary.

By MR. JOHN M. REILLY (following the reading of the resolution on housing):

This resolution can serve a two-fold purpose. It contributes very largely to easing the housing situation and combatting juvenile delinquency. The possibilities of slum areas breeding disease and so on, and with the slum areas and the additional cost and expenditures that come on the various departments. We ask you to take notice and consider that the people of Jersey City are not too much concerned with the budget or surplus. Unless some action is taken on housing, there will be an increased cost of taxation on the people of Jersey City and in order that we might apply for additional funds, because of the lack of funds so far as a housing program is concerned. With a comprehensive housing Commission, with that comes work for all laborers, truck drivers and all kinds of labor. I ask you to take good notice of the fact that servicing the slum areas in our City costs three times as much. From surveys conducted in other cities, it costs in the neighborhood of three hundred dollars to service a slum area as against $149.00 for one not considered being a slum. I ask your Commission to give all action and effort to take care of these problems. I know they are the most important problems that confront this Commission. I ask that you take the necessary actions on these two last resolutions that confront the people of Jersey City.

By MAYOR KENNY:

Mr. Reilly permit me to assure you, the Committee on Industrial Organization and, indeed, all of the people of Jersey City that the suggestions that you have made here today concerning housing and labor can be found, in substantially the same form, in the platform, upon which your present Commission was elected to office. Your present Commission will make every effort to live up to each and every condition in that platform. We stand with labor without reservation. We are in the process of initiating a survey of our own with the determined purpose to have, in our City, adequate housing. That adequate housing will take into consideration all of the people and in particular those in the low income brackets. I assure you that just as soon as this Commission has received the necessary approvals, housing in our City will be not longer a myth but, rather, a reality. Meantime accept my sincere thanks for coming here and for speaking so candidly. Your resolutions will be accepted and, in good time, definite action will be taken with respect to those resolutions.

At this time Mr. William Schulman of 891 Bergen Avenue, Jersey City, N. J., appeared before the Board and presented a petition signed by merchants doing business on Bergen Avenue, situated between Academy Street to Sip Avenue urging the Board of Commissioners to install parking meters on said street; shorten the bus stop located on the west side of Bergen Avenue at Newkirk Street; open for parking the east side of Bergen Avenue between Newkirk Street to Sip Avenue and placing a one hour parking limit on the new parking space.

Mr. Schulman discussed the traffic and parking situation with Commissioner Witkowski.

On motion of Commissioner Messano, seconded by Commissioner Spence and carried, the petitions were received and referred to Commissioner Witkowski for investigation.

By COMMISSIONER SPENCE:

WHEREAS, on the 6th day of April, 1948, the Board of Commissioners of Jersey City, passed and adopted a resolution authorizing the sale of certain public lands and buildings not needed for public use by public sale to the highest bidder, in accordance with the provisions of section 40:60-26 and the supplements thereto and amendments thereof, if any, of the Revised Statutes of New Jersey, 1937;

And WHEREAS, notice of said public sale was duly published as required by law;

And WHEREAS, in said resolution the following property, among others, was offered for sale at the following minimum sale price:

Block	Lot	Location	Minimum Price
222	R	179-183 Fifteenth St.	$6,000.00

And WHEREAS, in pursuance to said resolution, such public sale was had at the Assembly Chamber, City Hall, Jersey City, N. J. on April 19, 1948, at 11 A.M. o'clock local time;

And WHEREAS, Crawford Corporation, 26 Journal Square, Jersey City, N. J., purchased at said sale the aforementioned property for cash in the sum of Six Thousand Five Hundred Dollars ($6,500.00);

And, WHEREAS, the aforesaid purchaser has not performed the conditions agreed upon at the time of the sale;

Now, BE IT RESOLVED, that the purchase price of $6,500.00 is hereby forfeited and the sale voided.

Prior to the roll call on the foregoing resolution, Counsellor Charles Herschenstein appeared and addressed the Commission as follows:

By COUNSELLOR CHARLES HERSCHENSTEIN:

I represent the Crawford Company. The passage of this resolution at this time would prove very embarrassing to me and very detrimental, of course, to my client. May I just for a moment detail the facts concerning the purchase of this property. When this property was purchased, if you please, the Crawford Company owned and operated a number of service stations. They operated one of the stations at 14th Street, at the Holland Tunnel. They deemed it for their best interests to enlarge that station. The lot in the rear which faces on 15th Street, would be a continuation of the 14th Street station. They contemplated erecting on that plot owned by the City, a building to take care of the servicing of automobiles. We made an offer to the City and the City advertised the property for sale. We purchased the property for $6500.00. It was a conditional sale that they would construct a building containing 3700 square feet. When the time came for taking title, we were advised that the Federal Courts had determined they were against the anti-trust law. In order to complete the purchase, our client paid the full purchase price and we advised the authorities that we did not know when we could complete the conditions. We did not know when the City Service Company would take back those stations. The Crawford Company turned back all the stations to the City Service Company, all those stations in the Metropolitan area. The City Service Company refused to take title to that station. This left us with the plot which the Crawford Company purchased from the City for $6500.00, isolated from the 14th Street station, because the City Service Company took that back on 14th Street. It is in an important part of the City, it is strictly industrial section.

I took the matter up with the prior administration and we made this offer, which I thought was a fair proposition. We offered to the municipality to cancel that sale and readvertise the property and we will indemnify the City from any cost or expense they may be put to, so that if there was no bidder, we would get back the property for $6500.00. If there are other bidders and the City would get a larger price, the City would not be hurt. It is an unfortunate situation the Crawford Company found itself in and could not comply with the conditions of the sale.

By COMMISSIONER MESSANO:

How long has this matter been pending?

By MR. HERSCHENSTEIN:

About 10 months.

By COMMISSIONER MESSANO:

When did you take it up with the former city commission?

By MR. HERSCHENSTEIN:

In April.

By COMMISSIONER MESSANO:

That was the full purchase price, $6500.00?

By MR. HERSCHENSTEIN:

Yes, and we paid for it. And we told the Department then, when we paid it, that we could not know when we could complete the building. We had to return the station to the City Service Company. They declined to improve the present station. You cannot build a building on 15th Street, it has no outlet. I suggested to the prior administration that my client wants to indemnify the City from every loss they might be put to. The Crawford Company would agree to bid $6500.00 at that sale. If there are more bidders, the City will get more than $6500.00, but to compel us to keep this lot and compel us to build a structure, that would be absolutely worthless, would not be just to us. We bought the property in good faith. We had no desire to violate the terms. We humbly ask your permission at this time to protect yourselves and protect us. We will indemnify the City. Any cost the City will be put to will be paid by us. The City may gain by a higher bid. The plot could not be used and compelling us to build a worthless building would be working a hardship on my client.

By COMMISSIONER MESSANO:

In view of what Mr. Herschenstein has stated with reference to this property and because of the fact that there may be some merit in his statements, I would move that the matter be laid over for one month and have Mr. Herschenstein submit his statements in writing.

By MR. HERSCHENSTEIN:

My people are in Europe and will not be back until August.

By MAYOR KENNY:

We will lay it over for two months.

By COMMISSIONER MURRAY:

I would suggest that you communicate with the Corporation Counsel.

On motion of Commissioner Messano, seconded by Commissioner Murray and carried, the matter was laid over for two months.

RESOLVED, that when this Board adjourns, it does adjourn to meet in Regular Adjourned Session on Monday, June 27, 1949, at 10:30 o'clock A.M. Daylight Saving Time, in the Assembly Chamber, City Hall, Jersey City, N. J.

The roll being called the foregoing resolution was adopted by the following vote:
Yeas: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.
Nays: None.

At this time the City Clerk read the following communication which was filed this morning in the Assembly Chamber by Mr. John R. Longo:

John R. Longo
500 Communipaw Ave.
Jersey City, N. J.

June 20, 1949.

Board of Commissioners,
City Hall,
Jersey City, N. J.

Gentlemen:

A large number of Jersey City residents, voters and some taxpayers are forming a political organization under the standard of John R. Longo. Upon the completion of our organization and election of officers, we plan suitable installation ceremonies and therefore have designated the Commission chambers of our City Hall as a likely place for such ceremonies.

We realize that a request for such a meeting place has not been made before; but we also realize that our fellow voters have broken other precedents too, one of them being the age old precedent of having one man run our city government. It was that concept of city government that made some people think that they owned the City Hall.

Now that that's all over, perhaps you can start a new policy of permitting local organizations to make full use of their City Hall chambers. Please consider this an application for such use. If you grant this request, we will contact the proper authority in charge for a specific date and time, convenient to our purposes and convenient as well to any other programs on your official agenda.

Respectfully submitted by
Vincent Ferro and Almerico Barbato,
In charge of Program Arrangements.
(s) Vincent Ferro,
(s) Americo A. Barbato.

Mr. Almerico Barbato of 381 Summit Avenue, Jersey City, N. J., appeared in connection with the aforementioned communication.

By MR. BARBATO:

This request for the use of the City Hall Chambers has been encouraged and inspired by the cooperation we have received from the present administration. Such encouragement as Mr. Tumulty has exhibited has overwhelmed us. In Newark and in Harrison this practice is not uncommon. We feel that your approval of this request will be tangible proof of your election campaign. Democracy and freedom now reign in the City of Jersey City. We will also comply with any requests of the authorities.

By COMMISSIONER MESSANO:

Thank you. Mr. Mayor, I move that the communication be received and laid on the table for further consideration of the entire Commission.

By MR. BARBATO:

I would appreciate your early advice on the matter.

By COMMISSIONER MESSANO:

When do you want to have it?

By MR. BARBATO:

The week of June 28th.

By MAYOR KENNY:

You will receive word within the next forty-eight hours.

Commissioner Messano's motion, as amended by the Mayor, was seconded by Commissioner Murray and carried.

At this time Mr. Walter Dodd of 153 Palisade Avenue, Jersey City, N. J., appeared and addressed the Board of Commissioners as follows:

Mayor Kenny, Commissioners Spence, Murray, Messano and Witkowski, I would like to give you a brief resume of the petition I have here today relating to the operation of the taxicabs at Beacon and Palisade Avenues. Being very familiar with this type of operation, I tried to obtain the necessary franchises so that I could bring that type of service to the Hudson City section where it is badly needed. It has been impossible to get these franchises, as a result I conferred with my counsel. I proceeded to go into business as an auto-cab business. I have been able to give employment to six young men. I beg you to consider my application with 1500 names of people in that section, so that I could obtain the necessary franchises from the local authorities, rather than the franchises that I now operate with.

By COMMISSIONER WITKOWSKI:

That would be a new franchise?

By MR. DODD:
Yes, sir.
By COMMISSIONER MURRAY:
Are you seeking a new location?
By MR. DODD:
I now operate as auto cabs with State Franchises.
By COMMISSIONER MURRAY:
You are not seeking a new location.
By MR. DODD:
No, sir, I am seeking proper franchises for the same location, opposite Christ Hospital.
By COMMISSIONER MESSANO:
You want local consent—how many do you operate?
By MR. DODD:
I am operating three.
By COMMISSIONER MESSANO:
You want local consent on three taxis that you now operate?
By MR. DODD:
Yes, sir. The three are operated by Nichols, DeGeorge and Dodd. We intend to go into a corporation.
By COMMISSIONER MESSANO:
Later on you will form a corporation and turn all these over?
By MR. DODD:
Yes, sir.
By COMMISSIONER MESSANO:
I move that the petition be received and referred to Commissioner Witkowski for investigation. Second by Commissioner Murray and carried.

On motion of the Mayor, seconded by Commissioner Messano and carried, the City Clerk opened and read the following bids which were received in the first order of business before the Board of Commissioners:

The roll being called the foregoing resolution was adopted by the following vote:
Yeas: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.
Nays: None.

There being no further business before the Board, the City Clerk asked if there was anyone present who desired to address the Commission.

The following persons appeared and addressed the Board of Commissioners:

COUNSELLOR CHARLES W. BROADHURST:

I appear for the Erie Railroad Company who filed in the early part of June an application for the construction of two fuel oil tanks located near the roundhouse on Pavonia Avenue, 195 feet off the sidewalk line and 250 feet off the Provost Street line. The application was filed with the plan and the Superintendent of Buildings rejected the plan on the grounds that it violated Section 6, Sub-Division 18 of the Zoning Ordinance, which prohibits the construction of gasoline filling stations. I have inquired in the Superintendent's office and have ascertained that it was the practice of the previous Adjustment Board to reject all applications of such kind, so that the application could be approved by the Bureau of Combustibles. I have had the plans approved by the Bureau of Combustibles two weeks ago. I cannot take an appeal to the Board of Adjustment because it is not in existence. Everybody concedes that our plans do not violate the fire ordinances and it was only necessary for the Bureau to check the plans as to fire safety. Is there any other method I could take to have the plans approved. This is the first step of the company to convert to Diesel operation and the new locomotives are coming in and we would like to get at the matter. I am not complaining, but if there was something that could be done for me, it would get the job under way.

By MAYOR KENNY:

We will refer your request to Commissioner Witkowski and you will hear in short order. It is just for reconversion.

By COUNSELLOR BROADHURST:

It is the first step. We are going to file plans for converting the roundhouse into Diesel operation. The neighbors in the area will be pleased with the new improvements.

At this time Mr. Wendell Foster of 33 Atlantic Street, Jersey City, N. J., appeared before the Board with two representatives and requested the Commission to declare Thursday of this week as N.A.A.C.P. day. He also requested that the Mayor and the Commissioners take out memberships in the organization and to attend their affair to be held on the 30th of this month. He also stated that he desired to file some printed literature so that the Mayor can see what type of membership the organization consists of.

By MAYOR KENNY:

We are glad to receive your invitation and will consider your request. We may issue a proclamation on the subject. We will advise you in due course just what decision the Mayor and Commissioners make.

Rev. D. W. Evans of 695 Ocean Avenue, Jersey City, N. J., minister of the Sharon Baptist Church, appeared and addressed the Board of Commissioners as follows:

By REV. EVANS:

Mayor and Commissioners, as a member of the clergy who has the interest of my people at heart, in the neighborhood of Ege and Ocean Avenue, we have come down today to put before the Commissioners these two particular things that we feel would help to maintain the morality and uplifting of the neighborhood in which many business men and many property owners are located. At the corner of Ocean

Avenue—that used to be owned by Steve Checka. New owners came and bought the place from him. We did not know about the change, so that we had no way of coming before the Commissioners to protest the awful way it is run. Each night on the corner, the people of the neighborhood are kept awake all night long, using bad language, cat-calls to our neighbors, loitering in the hallway, playing cards, drinking whiskey all night long and I went out during my services and asked them to move and they even threatened body harm to me. We have asked the Captain of the 5th Precinct to help us and nothing has been done so far.

There is a fire department building between Hart Street and Ege Avenue. That street is infested with youngsters. They play ball in the street and I myself have seen a number of times that the fire truck has nearly mowed down a number of them. They don't seem to get out of the way. They have an idea that the fire truck will get out of the way. If Hart Street is closed off as a play street, it might help the safety of the youngsters in the street.

As to the tavern, I have seen myself, liquor sold out of the side door to women, and children cashing in on empty bottles. They come out Sunday morning and chop ice. I have not seen it, but I understand that they sold liquors out of the side door. We want to know if something cannot be done to curtail the actions carried on all day and night. We have not sent our body with a petition, but I took it upon myself in the interest of my church to uphold morality and fight child delinquency. I am here to see if the Commission will not place a Negro policeman on that beat, so that there might be more understanding between our people. I have seen it work out before. If a colored policeman would be placed there, so that he could talk to the people. We don't want to run these people off the corner, because they would cry prejudice. We don't consider it prejudice at all if these bad people are removed from the corner, so that my people can carry on.

By COMMISSIONER MURRAY:

Who runs this tavern?

By REV. EVANS:

I don't know.

Q. Where is it located?

A. I think it is 701.

Q. Near what street is that?

A. Corner of Ocean and Ege Ave.

Q. Which corner?

A. The direction in Jersey City mixes me up.

By COMMISSIONER MESSANO:

There is only one tavern there?

A. Yes, sir.

By COMMISSIONER WITKOWSKI:

Is that the only tavern there?

A. Yes, sir. There is one on the next corner, but they bother nobody. Is there something that could be done. They have a television there and we have to close our windows because they blast it so loud.

By COMMISSIONER MURRAY:

What time of the day is that?

A. Practically all day.

Q. When does it annoy the members of your church?

A. Wednesday, Friday and all day Sunday.

By MAYOR KENNY:

Reverend, will you be kind enough to step into Commissioner Witkowski's office right after the conclusion of this meeting and we will see what action can be taken.

The City Clerk asked if there was anyone else present who desired to be heard. No response was received.

On motion of Commissionr Messano, seconded by Commissioner Spence and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 27th day of June, 1949, which I attended. These minutes were taken and subscribed under my personal supervision and I hereby certify to their correctness.

Counsellor Harold Kolovsky of 921 Bergen Avenue, Jersey City, N. J., appeared before the Board and read the following communication:

July 5, 1949

City of Jersey City and
Michael Rochford,
City Collector,
City Hall,
Jersey City, N. J.

Re: Lot D16, Block 586½
Lot N25, Block 1863

Gentlemen:

We represent Harwood Corporation, the tenant of the above properties, which has received a communication from Michael Rochford, City Collector, dated July 1, 1949, reading as follows:

> This is to advise you that you will vacate and terminate your tenancy and deliver up possession of the property now occupied by you, said property being commonly referred to as the "Bowl property and Path property," as of the 1st day of August, 1949, as the City of Jersey City desires possession of that property on the said 1st day of August.

As you know, the above properties were leased to our client by lease dated February 4, 1944 made by Michael Rochford, City Collector, etc. for a term of five years from June 1, 1944 to May 31, 1949, with an option to renew for an additional term of five years, which option our client has exercised.

As you also know, to induce our clients to withdraw answers filed by them in proceedings brought by the City of Jersey City to foreclose tax sale certificates covering the above property, the City of Jersey City agreed that our clients were to remain in possession of the premises until May 31, 1949 regardless of the date upon which decrees in favor of the City were entered and were to remain in possession subsequent to May 31, 1949 as monthly tenants on a month to month basis until such time as the City sold or otherwise disposed of the premises.

Leaving aside for the moment the question of the efficacy of Mr. Rochford's communication of July 1, 1949, as a notice terminating tenancy, we call to your attention that in attempting to terminate our client's tenancy as of August 1, 1949 the City of Jersey City and Mr. Rochford have breached their agreements, have violated our client's rights in the premises, and that neither the City nor Mr. Rochford have any right to terminate our client's tenancy on August 1, 1949 as Mr. Rochford has attempted to do. Such violation of our client's rights is aggravated by the fact that the only apparent purpose for attempting to terminate our client's tenancy is to rent the premises to some other person, firm or corporation to conduct a parking business thereon.

We suggest the advisability of your reviewing this matter. We believe that such review will convince you that the notice served by Mr. Rochford should be withdrawn.

Needless to say, we propose to take whatever legal action may be necessary to correct the rights of our clients in the premises.

Very truly yours,
PLATOFF & PLATOFF,
By (s) Harold Kolovsky.

RESOLVED, that the City of Jersey City enter into a written Agreement of Lease whereby the City of Jersey City, as Landlord, will lease to Bowl of New

Jersey, Inc., a Corporation of the State of New Jersey, the premises known as Lot D16 in Block 586½, for a term of one (1) year, commencing August 1st, 1949, and terminating July 31st, 1950, at an Annual Rental of Seventeen Thousand ($17,000.00) Dollars; said contemplated Lease to be in form satisfactory to the City of Jersey City.

FURTHER RESOLVED, that the Mayor and the City Clerk are hereby authorized to execute the aforesaid Lease for and on behalf of the City of Jersey City.

Prior to the roll call on the foregoing resolution, Counsellor Harold Kolovsky appeared before the Board and made the following statement:

By COUNSELLOR KOLOVSKY:

Honorable Mayor and Commissioners, you will recall, at the last meeting of this Board I appeared and presented a letter on behalf of my client, the Crawford Corporation. In that letter I pointed out that the property known as the Bowl, had been leased to my client in 1944 by the Collector of Taxes, Receiver ex-officio by authorizations of the City. The lease expired May 31, 1949 with an option of renewal for five years. The option was exercised thereafter in 1947 and 1948. Proceedings were brought to foreclose the tax sales certificate and my client filed an answer showing their right to legal possession of the property. By agreement of the City in order to induce our people to withdraw their answer, our clients were to be permitted to be in possession of the property until such time as the City sold or otherwise disposed of that property. In view of the fact that the City did not dispose of the property, I asked that your Board withhold action on the matter and I offered to sit down in conference with the Corporation Counsel. The matter was referred to the Corporation Counsel and this action today is the first we have received since our communication. It is a direct violation of our clients' rights. I intend to institute legal proceedings. I suggest that the matter should not be passed on, but we should sit down and thrash out the situation. There is no question that my client had an option for a five year renewal. The attempt to lease this property to somebody else for parking purposes is a direct violation of our clients' rights.

By COMMISSIONER WITKOWSKI:

What was the term of the lease?

A. Five years to May 31, 1949, with an option for a five-year renewal.

By COMMISSIONER MESSANO:

When did the lease expire?

A. May 31, 1949 and the option period would expire May 31, 1954.

By COMMISSIONER MESSANO:

When did you exercise your option?

A. It was exercised in January of this year.

By COMMISSIONER MURRAY:

In writing?

A. Yes, sir, we had to.

By COMMISSIONER MESSANO:

There was some question as to the legality of the option?

A. There was no litigation in this matter at all. In the tax foreclosure we filed an answer setting up the priority of our lease.

By COMMISSIONER MESSANO:

How did you become a tenant from month to month?

A. We made an agreement through the City's attorney.

Q. You withdrew your option?

A. Only on the condition and agreements entered into by the City's representative.

Q. As a result of your answer being withdrawn, your option was withdrawn?

A. The condition was that we were to remain in possession until the premises were disposed of by the City.

By MAYOR KENNY:

The City Clerk asked if there was anyone present who desired to address the Commission.

Counsellor John C. Sullivan of 662 Newark Avenue, Jersey City, N. J., appeared before the Board and stated that he is appearing for the Lower Jersey City Bus Company.

By COUNSELLOR SULLIVAN:

May it please your Honor, I am appearing for a new corporation known as the Lower Jersey City Bus Company. It is the purpose of this company to establish a new line in Jersey City to serve the part of Jersey City which has no service and which in other parts is inadequately served. It will start at Hudson and Morris Street in lower Jersey City, traversing various parts of the City and terminating at State Highway and Van Wagenen Avenue, returning by the same route in reverse. I think if the permission requested by the corporation is granted, it will do for the areas we traverse, what the Downtown Line running through Journal Square, has done for the downtown section of the City. It will provide the people on the areas with a single fare service. I have a communication setting out the full route. (Filed with the City Clerk.)

By COMMISSIONER MESSANO:

What is the name of the company?

A. Lower Jersey City Bus Company.

Q. What are the names of the people interested?

A. Mr. Bernard Levy is the moving factor in the company.

Q. Are they affiliated with any other bus line now?

A. No, sir, they are not.

By COMMISSIONER MURRAY:

Have you any diagram showing the streets this line will traverse?

A. I will be glad to furnish one.

By COMMISSIONER MURRAY:

Does it go through Grove Street?

A. No, sir, it does not. I shall be glad to furnish a diagram for the route.

By COMMISSIONER MESSANO:

I move that the application be received and referred to the Bus Bureau for investigation.

Seconded by Commissioner Spence and carried.

On motion of Commissioner Spence, seconded by Commissioner Messano and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 19th day of July, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

By COMMISSIONER MESSANO:

RESOLVED, that the following ordinance do now pass:

An ordinance to authorize the construction of a sanitary sewer in Pamrapo Avenue, as a local improvement, and to provide for the financing of the cost of such improvement.

The Board of Commissioners of the City of Jersey City do ordain as follows:

Section 1. A sanitary sewer, to be connected with the sanitary sewage disposal system maintained by the City of Jersey City, shall be constructed along Pamrapo Avenue from its intersection with Hudson Boulevard to a point in such avenue approximately five hundred and twenty feet to the west of Hudson Boulevard. Such sanitary sewer and the catch basins, manholes and appurtenances required for the operation of such sanitary sewer shall be constructed and laid, in accordance with plans which have been heretofore prepared and which are now on file in the office of the City Clerk, and which may be examined by persons interested and which will be exhibited at the hearing on this ordinance.

Section 2. Said improvement shall be undertaken as a local improvement and the cost thereof, in excess of $12,000, shall be assessed upon the lands and real estate upon the line and in the vicinity of said improvement which may be benefited by said improvement, as provided in Chapter 56 of Title 40 of the Revised Statutes of New Jersey. All assessments levied for said improvement shall in each case be as nearly as may be in proportion to and not in excess of the peculiar benefit, advantage or increase in value which the respective lots and parcels of real estate shall be deemed to receive by reason of such improvement. The total amount of the assessments so levied shall not exceed the cost of said improvement. The portion of such cost which shall not be so assessed shall be paid by the City as in the case of a general improvement which is to be paid for by general taxation.

Section 3. The sum of $18,000 is hereby appropriated to the payment of the cost of said improvement and such appropriation shall be met by the use of moneys, available for such purpose, in the City's Capital Improvement Fund.

Section 4. This ordinance shall take effect at the time and in the manner provided by law.

FURTHER RESOLVED, that the following Plenary Retail Consumption Licenses are hereby transferred to new owners commencing this date up to and including June 30, 1950.

Transfer Plenary Retail Consumption Licenses to New Owners

From	To	For Premises
Frances Szymanski	Michael Succino	335½ Fifth Street
Jennie Brown and Leo Hoch	Joseph Richard Meyers	737 Montgomery Street
Robert J. Mitchell	Joseph Lino	413 Pacific Avenue

Prior to the roll call on the foregoing resolution, Counsellor Lester Lasker appeared and requested permission to be heard concerning the transfer of retail consumption license from Robert J. Mitchell to Joseph Lino, 413 Pacific Avenue.

By COUNSELLOR LASKER:

I represent the broker who has the exclusive agency for the sale of the premises, the tavern premises at 413 Pacific Avenue and the broker is entitled to a commission in the sale from Mitchell to Lino. We have been acquainted with the sale by reason of seeing the notice in the paper. Under the circumstances we should like to ask the postponement of the transfer of that license so that we may have an opportunity to operate our rights against the seller. I don't advance this as any particular type of objection to the transfer, or the buyer or seller, only in the nature of one who is selling them liquor and his charges would be paid.

By COMMISSIONER MESSANO:

Q. Would you not have your remedy in the courts of law?

A. If the seller of the business dissipated his profit on the sale we would have no way of following up or obtaining judgment.

Q. You have no objections against the premises? You only want to recover from the seller what is due the broker?

A. To the extent of our rights.

Q. I think that is a civil matter for the courts to decide.

By COMMISSIONER MURRAY:

Q. When did you get notice?

A. I think it was the second notice in today.

Q. Why did you not get a restraining order?

A. It was only turned over to me the past few days and I felt there would be no injustice if there was a stay granted.

By COMMISSIONER WITKOWSKI:

Q. Under the "bulk sales tax," you can give the broker notice on this.

A. We feel we have a right to the commission for this sale.

Q. You can still put him on notice.

By MAYOR KENNY:

Q. The Commission is satisfied your remedy lies in the courts. To ask the Commission to act as a collection agency for anybody would be in poor taste. You should, we think, go to the courts and apply for the necessary relief.

A. We don't want to impose upon the City.

By MAYOR KENNY:

We don't want to set any precedent.

No further objections being presented, the City Clerk called the roll on the foregoing resolution, and it was adopted by the following vote:

Yeas: Commissioners Messano, Murray, Witkowski and Mayor Kenny.

At this time the Mayor absented himself from the meeting and turned the gavel over to Commissioner Murray who assumed the Chair, and thereafter presided.

The City Clerk asked if anyone was present who desired to address the Commission.

At this time Dr. Howard Lowenstein of 136 Mercer Street, Jersey City, N. J., appeared before the Board and introduced Mr. Chester Stepuch, a resident of 138 Mercer Street.

By DR. LOWENSTEIN:

On October 30th, last year, we sent a petition to the incumbents at that time, requesting that they remove all heavy traffic from Mercer Street. I have a copy of the letter here.

By COMMISSIONER MESSANO:

Q. What part of Mercer Street?

A. Between Henderson and Colgate Streets. We have had ten- and twenty-ton trailers going through there, especially between midnight and five in the morning. This petition was signed by 148 people living on Mercer Street. We did not have to solicit that. It was a spontaneous uprising.

Q. What hours do you say that occurs?

A. Between midnight and five in the morning it is most severe. We submitted in this petition our reasons for believing that Mercer Street should not be used for such traffic. First of all it is a residential street. It was never designed for modern, commercial traffic. We feel that it is important to consider that there are two schools in the neighborhood.

(Dr. Lowenstein then read a statement setting forth in detail the conditions on the street.)

By COMMISSIONER MESSANO:

Q. How long have you lived there?

A. In that particular place, thirty years.

By COMMISSIONER WITKOWSKI:

Q. Dr. Lowenstein, may I apprise you of the fact that my department has recently been conducting, throughout the city, a survey for the purpose of taking down these antiquated signs in the various streets, and as a result, my department has received various complaints. We are going to ascertain scientifically where we can park cars and where we cannot. It is a traffic problem. I get complaints pro and con similar to yours, rerouting trucks, etc. Also a request to make Mercer Street a one way street. You agree with me, we cannot please everybody. There is a lot of merit in what you say, but we must also consider the other people on the other streets. As a result of the survey being conducted under Inspector Menge that proposition will also be taken up. Where do these trucks go to?

A. I believe to the Safeway Company garage. They are mostly out of town trucks. They are the big trailer trucks.

Q. What have you got to say about the feelings of the people on Montgomery Street where you want the traffic diverted?

A. It is the lesser of two evils. They have developed a certain amount of case-hardening with the trolley cars and buses on that street.

By COMMISSIONER WITKOWSKI:

I move that this petition be accepted and filed for further consideration by my department in general and for reference to Inspector Menge.

By COMMISSIONER MURRAY:

Q. You say that these trucks "go through" between four and five in the morning?

A. Between midnight and five in the morning.

Q. Then the hazards would not affect the school children?

A. No, sir, not at those hours.

By COMMISSIONER MESSANO:

Q. The condition is getting much worse?

A. Yes, it is.

Commissioner Witkowski's motion was seconded by Commissioner Murray and carried.

By MR. STEPUCH:

The children don't have adequate playgrounds between Jersey Avenue and Monmouth Street and I have seen a trailer make a dead stop to avoid hitting children. The trailers have also shorn off the lower limbs of the trees on the street.

By COMMISSIONER MURRAY:

I agree with you, there are not sufficient playgrounds in that territory or any other territory in Jersey City. We have been in office only two or three months and the previous "do-nothing administration" was in for a period of thirty-six years. We are proceeding as quickly as possible to give you playgrounds. Commissioner Messano and myself want to clean up the town in more ways than one. Not only politically, but physically as well. We have a list of lots, city owned and privately owned, and will clean them up. There will be no more dumping grounds allowed in Jersey City. We want to please the people and we are glad you came here. We don't criticize you at all. We consider it the act of a good citizen and, again, we thank you for coming here.

Mr. Walter E. Simons of 10 Bacot Street appeared before the Board.

By MR. SIMONS:

I live opposite the parking lot operated by the Harwood, Inc. They will not do a thing about it. The dirt comes down all the time. I find out the counsel who represents them, I was helping to pay his salary in the Law Department.

By COMMISSIONER MESSANO:

Q. Who was the counsel that you refer to? What is his name?

A. It was John Meehan representing them. I was not getting anywhere. Every time I came down here they would refer me to somebody, Mr. Lynch, Mr. Rooney, Mr. Herschenstein, Mr. McGovern, the City Engineer, Mr. Henderson and we finished up right before the election with Mr. Dolan. They insisted the only way to cure the matter is to send men up and make a survey. Then they changed their opinion.

By COMMISSIONER MURRAY:

Q. Has that happened since May 17, 1949?

A. No, sir, this is the first time I have been down here before this Commission. I wanted to give you a chance to get settled before I came down here. The condition has existed right along. They say the only thing to do is put a hard surface on that, but still they only pour this crankcase oil on it. Every time the cars come out there is a bunch of ashes. The street cleaning department was up there this morning and if you go up there tonight, you will find it littered with ashes. If a storm comes along, it goes down the sewer. We have two sewers there and the one at Magnolia Avenue and Bacot Street, I go in with a private sewer. I have had this back up on me in my basement. I have been for two or three months, trying to get the stench out of my basement. Why is this man allowed to go on with it. I have to come down to the sewer department to tell them to clean it out. He also washes cars. I don't know why they cannot do something about it. It is never free from ashes. They park about 250 cars there.

Q. Have you any suggestions as to how that nuisance might be eliminated?

A. The City Engineers have been up there and they said there was only one suggestion, put a hard surface on that area.

By MRS. HARWOOD:

I am a member of the corporation there. Mr. Simons has been complaining for the past twenty years about this particular parking lot. We have been there a little over two years in this one section. We put a fence up, we have done everything humanely possible to cooperate with Mr. Simons. He claims that former Mayor Eggers told us to put a hard surface there. We didn't know anything about that hard surface. We have received estimates from people and they want $9800.00 to do that work. We would have to increase our rates and that would mean undue hardship on the people who park their cars there. From time to time we have put ashes down there. The dust he complains of there, is not from the parking lot. He gets most of the dirt, ninety percent of it, from the railroad.

By COMMISSIONER MURRAY:

Q. The accumulation of ashes, is that from the railroad?

A. Our place is swept every morning and our place is open to inspection any time.

Q. You sweep into the gutter?

A. No, sir, there are no ashes. I am on Glenwood Avenue, which is quite a distance and if I put up white curtains, they are dirty in one month.

By COMMISSIONER MURRAY:

Q. That condition has existed for a long time?

By MR. SIMONS:

A. Yes, sir.

By COMMISSIONER WITKOWSKI:

Mr. Mayor, I move that this matter be referred to Commissioner Messano for a more complete investigation in view of the fact that there is a conflict of facts. In that way, the Commission may have a thorough knowledge of the conditions that exist.

Seconded by Commissioner Murray and carried.

By COMMISSIONER MURRAY:

We understand that you have these difficulties in the neighborhood and we want to see that everything is made agreeable.

Mr. Joseph Kraus of 24 Columbia Avenue, Jersey City, N. J., appeared before the Commission.

By MR. KRAUS:

I live next to No. 25 School. It is supposed to be a playground for the children. I have been living on my property the last forty-five years. I have sent my children to that school. Is it a ball ground or a playground? Some girls go in. What goes on nights is none of my business. There is a little piece of property at the end of the park on Hutton Street and the Boulevard. There are three tennis courts there and they are never used. Why not take one of those tennis courts and put a little sand in it. It is a space 25 by 100. You can make a playground out of it. I have no complaints, only a little suggestion.

By COMMISSIONER MURRAY:

I don't know if any of the subjects about which you speak might come under any of our departments. It is the part of the property that runs around No. 25 School. Mr. Kraus, the property you talk about is controlled by the Board of Education. There is nothing we can do because it does not come under the jurisdiction of the five Commissioners of the city. If you will write me a few lines, I will take it up with the Board of Education to see if they can do something for you.

The City Clerk then asked if anyone was present who desired to address the Commission. No response.

On motion of Commissioner Messano, seconded by Commissioner Murray and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 2nd day of August, 1949, which I attended.

These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

The City Clerk asked if anyone was present who desired to address the Commission.

Mr. Charles Zelinski, 13 Wayne Street, appeared before the Board and presented a petition, signed by many residents in the vicinity of Grand and Henderson Streets, requesting the Commission to install a traffic light at that point.

Mr. Zelinski stated that the present condition is a serious hazard to the pedestrians and to the children who attend the two schools in the neighborhood.

By COMMISSIONER MESSANO:

I move that the petition be received and be referred to Commissioner Witkowski for investigation and such action as may be appropriate.

Seconded by Commissioner Murray. Carried.

By COMMISSIONER MURRAY:

I suggest that you keep in touch with Commissioner Witkowski. Mr. Zelinski. I feel sure he will do everything possible to comply with your request.

Mr. Michael Esposito of 2400 Boulevard, Jersey City, N. J., appeared before the Board and read from a prepared statement protesting the unsanitary method of handling fruits, vegetables, bakery products, etc., by the vendors in this City.

By COMMISSIONER WITKOWSKI:

Q. What suggestions do you make?

A. That these conditions may be corrected, by employing sincere Health Officers; alerting our policemen to be vigilant; have a fearless judge presiding; make laws and ordinances understandable by all; willing cooperation of the citizens; examinations for food handlers by sincere doctors; use proper covered garbage cans, etc.

By COMMISSIONER MURRAY:

Q. Is it your thought just to regulate the selling of these particular kinds of food stuffs?

A. It is to educate the seller and buyer.

Q. Is it your thought that this Commission prevent the buying public from handling any food they intend to buy?

A. Yes, sir, there is a sign covering that, but it is not conclusive. There is no explanation given.

Q. Whose sign is it?

A. The Board of Health of Jersey City. (Mr. Esposito exhibited several large signs in use in other cities, regulating the handling of food.)

By COMMISSIONER MURRAY:

Q. Do you represent anybody?

A. Just myself, a one man campaign. There is no money contributed by anyone. I am not interested in any political job.

By COMMISSIONER MURRAY:

I think it is very nice; we like to have a citizen like you appear before the Commission. My fellow Commissioners suggest that you get in touch with the Law Department for the purpose of proposing an appropriate ordinance. We thank you for your interest and, as my fellow Commissioners suggest, you get in touch with the

Law Department by appointment and I am sure Mr. Graf will assign someone to you.
By MR. ESPOSITO:

These conditions have existed many years, it is not the fault of you people.
By COMMISSIONER MURRAY:

These conditions may have been in existence since man was created. However, we will try to correct them.

The City Clerk asked if anyone was present who desired to address the Commission. No response.

On motion of Commissioner Messano, seconded by Commissioner Witkowski and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 16th day of August, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

On instructions from the Mayor, the City Clerk announced the suspension of the regular order of business in order to permit Rev. Philip Dobson, S.J., to address the Board.

By REVEREND PHILIP E. DOBSON:

Mr. Mayor, Commissioners, Ladies and Gentlemen: I wish to thank the Mayor for his courtesy and kindness in allowing me to speak, suspending the order of business.

I am Father Dobson of St. Peter's. I am representing the Reverend Vincent J. Hart of the Society of Jesus, Director of St. Peter's College, St. Peter's Institute of Industrial Relations and St. Peter's Parish.

I am appearing with reference to the proposed bus line which is to start at the corner of Hudson and Morris Street, and to proceed through an area which we believe is not now serviced adequately by the existing bus lines.

Father Hart has asked me to place him on record as definitely favoring the establishment of this bus line. We feel that it would be of considerable help to our parishioners, to the people of the area, and I personally would say that it would assist the students at our Institute of Industrial Relations in coming and leaving our Institute. There may be some technical difficulties which can be ironed out. We wish to go on the record for the idea of this bus line. We feel that it definitely will render a service to many people.

I thank you Mr. Mayor and gentlemen of the Commission.

By MAYOR KENNY:

Thank you, Father Dobson.

CITY OF JERSEY CITY

STATEMENT RE: DIRECT RELIEF EMERGENCY RESOLUTION

Need: The City Comptroller's Office reported that because of the increased requirements for direct relief, the emergency relief account would require additional funds to finance said requirements. Under the State financial setup the City finances the gross cost and is later reimbursed by the State.

Date: The Director of Public Affairs was apprised of the above condition as a result of a memorandum prepared by the City Auditor under date of September 2, 1949.

Bidding: No bidding was required for these requirements.

Commitments: The only commitments made would be those made by the Emergency Relief Bureau.

Date: September 6, 1949.

The City Clerk asked if there was anyone present who desired to address the Commission.

Counsellor John C. Sullivan appeared before the Commission.

By MR. SULLIVAN:

My name is John C. Sullivan, a member of the bar, of 662 Newark Avenue, Jersey City, N. J.

On behalf of the application of the Lower City Bus Line for permission to operate in Jersey City, I would like to present to the Commission a petition signed by a number of people living in the area which would be served. There are also several people here who would like to address the Commission in behalf of the application.

By MR. CONRAD VUCUOLO:

My name is Conrad Vucuolo of 59 Gregory Street, Jersey City. Honorable Mayor and Honorable Commissioners, I wish to speak here today on behalf of the Lower Downtown Bus Line that is being proposed to commence as soon as conditions will permit. A few years ago—exactly two years ago—I helped organize citizens, veterans, members of the clergy and industrial interests in the City to force or to petition the Public Service to commence or to supply the downtown area with bus service that they had back in 1939 and 1940 which included the 31 bus line which ran from Grove Street to Gammontown, Jersey City, New Jersey.

After much agitation and very limited and very feeble assistance from the City officials, we were successful in petitioning the I.C.C. Of late that service has been curtailed somewhat by the Public Service Company. They cut down on some trips and cut out some trips completely from Journal Square down to Lower Jersey City, and stopped at Grove Street, instead of proceeding down to the part which services St. Peter's, and the warehouses and other industries.

If this bus line as proposed would be authorized, it would serve a two-fold purpose. First, it would permit approximately ten thousand citizens who live in the downtown area, which is very isolated, to have direct bus service to Journal Square. At present they must walk five to six blocks, either to the Post Office at Washington Street and Newark Avenue, to obtain a bus number 9 to Journal Square, or go to Exchange Place Terminal of the H & M Railroad.

Secondly, it would provide one fare ride for the people in lower Jersey City. At present they have to take that walk or go from there to Montgomery Street, which is slightly shorter and take another bus at Bergen, and then proceed to the Square.

I believe Commissioner Messano advocated during his last campaign that it would be a one fare ride. I don't believe it would take care of the entire city, but it would be an opportunity to take care of some of our citizens.

I heartily approve and respectfully request that you authorize that bus line. Thank you.

The only bus line at the present time that I know of that proceeds up Grand Street, in the lower downtown section, is the Number 1, Newark Bus. That goes up Grand Street to Communipaw. It does not come anywhere near to the other bus lines, which are way over to the other Post Office.

By COMMISSIONER MESSANO:

Q. Wasn't this matter taken up by the Public Utility Commission about a year or so ago?

A. Yes, sir. The Public Service curtailed the Number 9 bus from Journal Square. The people downtown had absolutely no bus service to Journal Square after six o'clock at night.

Q. If they had not curtailed that, you would have had sufficient service?

A. Partially. At present we have an order from the I.C.C. ordering the Public Service to have that service. But, the drivers stop at "G" Street. The people must get off or take another bus, another seven cents, or walk down ten or twelve or fifteen blocks.

Q. Wasn't there a hearing by the Public Utility Commission on the matter that you refer to now?

A. Yes, sir, two years ago next month we had an order approved by the I.C.C. which authorized for a six month period the operation of that bus to lower Jersey City. Of course, the six months has gone by. The Public Service has not pressed that issue. They have allowed it to be in effect.

Mr. Tadeus Dobracki of 67 Grand Street, Jersey City, N. J., appeared before the Commission.

By MR. DOBRACKI:

I represent O.L.C. Honorable Commissioners, I am here to address you in behalf of Father Piasecki, Pastor of Our Lady of Czestochowa Church. We just wish to state that we are behind this move to have this bus line in downtown Jersey City inasmuch as the services are needed in that section of the municipality. Thank you.

By MR. JOSEPH BERKOWITZ:

My name is Joseph Berkowitz of 835 Newark Avenue. Honorable Commissioners, I am here from the West End Business Mens' Association. The proposed bus line around that section is very necessary. I am living here for the last forty-three years. When I have to get to Journal Square I have to walk. It is very necessary to have that bus line in that section.

By COMMISSIONER WITKOWSKI:

Mr. Acting Mayor, I move that further consideration of this matter be deferred pending receipt of report from the Bus Transportation Bureau, through the Director of the Department of Revenue and Finance; that pending receipt of such report, the subject matter here discussed be made available to the Bus Transportation Bureau for its deliberations.

Seconded by Commissioner Murray. Carried.

Mr. Tadeus Dobracki of 67 Grand Street, again appeared before the Commission.

By MR. DOBRACKI:

Honorable Commissioners, the statement which I am going to make is on record in the records of the previous administration. I am representing the taxpayers on Grand Street between Washington and Greene Streets, which is just across the street from Colgates.

Colgates has a building, the Lowley Independent Shipping Company, a building of the company. They have had trucks coming out of that area for the past fifteen years. This trucking situation has come to such a state that these trucks keep on jumping on the sidewalks.

We have signed petitions and sent these petitions to the previous administration over a period of ten years. We have written to Commissioner Magee in Trenton. But, the things done to rectify the matter were just seemingly in favor of Colgate-Palmolive-Peet Company, and the outside truckers and the truckers in the State of New Jersey. At one time the Jersey City Police Department placed four signs stating "Trucks Keep Off Sidewalks." The trucks still kept on jumping the sidewalks.

Last year prior to my leaving this country the Colgate-Palmolive-Peet Company tore down a platform, which was about nine feet wide. This was to have rectified the whole matter, I was happy to learn. But, when I was overseas I received letters from my uncle and my sister saying that the same old thing had occurred again. The trucks have been jumping our sidewalks, not only mine but my neighbors. I came back and I called up the Jersey City Police Department. I then put in a request for protection. They said they would take care of me. Last week I called up the First Precinct and the officer there, the Captain said, if I would take down the license number of all of the truckers and send them to him, he would see that the matter would be taken care of. That seems to be the old run-around to me because many times I have called up the Police Department and nothing has been done about it. I waited two to three hours for the patrol car to come down, and one time a patrol car actually jumped the sidewalk in order to let the trucks climb up upon the sidewalk itself. And another time the Fire Department had to turn out from Grand Street to Washington Street, down York Street to reach a fire at Pier "B." On our block we have eighteen school people. I am a school teacher. I would like to see them protected before something happens to them. We are tired of manipulating with Colgate trying to have Colgate do something about it. So, I am here requesting the Commission to do something about it itself.

By COMMISSIONER MURRAY:

Q. What is the object in these trucks jumping the sidewalks?

A. The trailers are so constructed nowadays they are too wide for the streets. Therefore, in order to back into Colgate, they have to jump the sidewalk. Now, the matter can be rectified in certain ways. One of them being that the trucks back into Colgate's property, unload the trailer from cab—that is, unhitch the cab from the trailer, and it would give him enough space for the trucks, other trucks backing in.

Q. On what street do they do that?

A. On Grand Street between Greene and Washington Streets; Greene Street between Sussex and Grand Streets.

Q. To unload.

A. To load and unload.

Q. They stay there just for the period in which they load or unload?

A. That's right, but the period they stay is from two hours to four hours, and sometimes longer.

Q. What remedy would you suggest, and still have them do business?

A. Is Colgate to do business there at the risk of endangering the lives of school children on that block and other pedestrians passing by there?

Q. Have you any suggestions as to a remedy?

A. The remedy is that Colgate can have the truckers first of all unhitch the cabs from the trailers, giving them an extra twelve feet to swing around.

Q. They don't do that now?

A. No, they don't. They could give more space for the unloading. That is, instead of spacing the trucks close together, say six inches, why not permit a space of two or three feet.

Q. They would have to pull their building down to back those trailers in and get out. Even if that gave them more space, they would still have to mount the sidewalk, wouldn't they?

A. Well, I'm not an engineer and I don't know anything about that matter. Why not have a City Engineer go down there and make the survey and give you all the information. Why should I waste time commenting if I'm not capable of doing it. You have your facilities here in the city to do that.

Q. You are capable of answering these questions. I don't think there is anything difficult about my questions. You are complaining about a condition and we thought perhaps you would have a remedy. We cannot put a concern like Colgate out of business by refusing them permission to load and unload. But, if they are doing it in a way that is detrimental to the health and safety of our people, and there is a way in which they can do it more efficiently, then propably we could compel them to do it that way.

A. Well, of hand, Colgate has stated that by having the platform removed last year, the remedy should have been sufficient to rectify the matter. But, it isn't so.

Q. You mean, they don't back in as far as they should?

A. They back in as far as they can, but the only solution I can see is to have the cabs unhitched from the trailers, and have the cabs parked in another place so that they would not obstruct the traffic coming down Grand Street.

By COMMISSIONER WITKOWSKI:

Q. In other words, you mean the oncoming traffic moving both ways, in order to pass them, must mount the sidewalk on the south side of the street.

By MR. DOBRACKI:

A. The same thing, yes. You have two conditions, you have a trailer which is approximately thirty feet, going up on the sidewalk to back into Colgate's. The street isn't wide enough. The trailers backing in already have the cabs attached to the trailer. They extend out about six feet. In order for a trailer to swing around, he has to swing around the car which is extending into the street, and he mounts the sidewalk.

By COMMISSIONER MURRAY:

Q. You mean, if a truck is in transit—not the one that is stationary—to pass, they have to mount the sidewalk on the opposite side.

A. In many cases, they do, yes.

By COMMISSIONER SPENCE:

I think we understand your problem. We will investigate and try to take some action, meantime, we will refer it to the Police Department.

By COMMISSIONER MURRAY:

Mr. Acting Mayor, I move this matter be referred to Commissioner Witkowski's department to have it investigated and see if we cannot have it remedied.

Seconded by Commissioner Messano. Carried.

At this time Mrs. Mary Saunders of 20 Ege Avenue, Jersey City, New Jersey, appeared and presented the following petition to the commission:

To the Commissioners of Jersey City:

We, the undersigned do hereby petition the commissioners to provide a playground for our children. We have been informed that the City owns the lots on Virginia Ave., between Ocean and Jackson Avenues and we are asking that this ground be equipped for that purpose.

We realize that there is a playground on Virginia Ave. but it is across a thoroughfare and therefore of no value to families living on Ege Ave., Ocean Ave. and this end of Virginia Ave. In this area there are two hundred and fifty children under twelve years of age.

Due to the shortage of housing facilities and families having to double up in living quarters it is imperative that the children be given some place to play. At Virginia Ave. where most of the children from Ocean Ave. play because it is a dead-end there, the traffic is such as to have caused several near tragedies. To prevent these near tragedies from becoming real tragedies please grant us this request at your earliest convenience.

Submitted by the Committee:
Mrs. Bernice Dawson, 9 Virginia Ave.
Mrs. Mary Saunders, 20 Ege Ave.
Mrs. Mildred Finlay, 709 Ocean Ave.

Attached to the said petition were five yellow sheets purporting to bear the signatures of some one hundred residents of the immediate locality.

By COMMISSIONER MURRAY:

Q. Mrs. Saunders, did I understand you to say that this subject was discussed with the Commission two years ago?

A. Yes, sir.

Q. Let me assure you that that was in the "days of Hague." This is a new set-up. Let me assure you here and now that it will not only *not* take two years, but, if you will confer with my Deputy immediately, it will not even take two days. I promise you that your petition will receive consideration and that action will be had thereon before forty-eight hours will have elapsed. Go directly to my office from this meeting room and confer with Mr. Rhode.

On motion of Commissioner Spence, seconded by Commissioner Messano and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the sixth day of September, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

WHEREAS, the City of Jersey City recognizes that the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion on the streets of Jersey City; and

WHEREAS, the parking of motor vehicles on the streets has contributed to this congestion to such an extent as to interfere seriously with the primary cause of such streets for the movement of traffic; and

WHEREAS, such parking prevents the free circulation of traffic in and through the respective streets and avenues of Jersey City, and impedes rapid and effective fighting of fires and the disposition of police forces and endangers the health, safety and welfare of the general public; and

WHEREAS, such parking threatens irreparable loss in valuations of the property in the city which can no longer be readily reached by vehicular traffic; and

WHEREAS, this parking crisis which threatens the welfare of this community can be reduced by providing sufficient off-street parking facilities properly located in the several residential, commercial and industrial areas of this city; and

WHEREAS, adequate provision of properly located terminal space for automobiles is a public responsibility; and

WHEREAS, the parking problem cannot be remedied by regulatory processes and cannot be effectively dealt with by private enterprise; and

WHEREAS, the establishment of this Parking Authority will promote the public safety, convenience and welfare and necessity in the public interest for the provisions hereinafter enacted;

NOW, THEREFORE, the Board of Commissioners of the City of Jersey City, New Jersey, do ordain:

1. Pursuant to the provisions of Chapter 198 of New Jersey Session Laws of 1948, N. J. S. A. 40:11A, which authorizes the creation of the Parking Authority of Jersey, City, there is hereby created and established a body corporate and politic to be known as the "Parking Authority of Jersey City."

2. The Clerk be and he hereby is authorized and directed to file a certified copy of this ordinance with the Clerk of the County of Hudson and be recorded in the records of Certificates of Incorporation.

3. This ordinance shall take effect immediately upon final passage and publication according to law.

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called the ordinance was passed by the following vote:
Yeas: Commissioners Messano, Murray, Spence and Witkowski.
Nays: None.

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following ordinance:

"An Ordinance requiring the control of dogs so as not to commit nuisances," the City Clerk read the public notice and the ordinance and then called for anyone who might desire to protest against the final passage of said ordinance. No written protests were received.

George Holmes of 135 Garrison Avenue, Jersey City, N. J., appeared before the Board in connection with the foregoing ordinance. (The City Clerk offered the use of the microphone for the public address system to Mr. Holmes).

By MR. HOLMES:

I don't need the microphone, they can hear me. I have lived in this city for thirty years. I hate to project myself into this kind of position, because normally in my kind of position, I am supposed to be neutral.

Let me digress for a moment. Perhaps you people don't know it, this happens to be National Be Kind to Animals Week. I pay my license for my dog. I have had my dog for twelve years. I think the S.P.C.A. (of which I am a member), is very poorly paid, very much abused. As I have said to Commissioner Murray a few moments ago, I have no gripes with the present administration. I had several gripes with the former administration. I was the publicity man for Jeff Burkitt. I told him this was nuisance legislation. I am a little bit disappointed because I think there are so many things of great moment which the administration could do instead of involving itself in what I call "peanut legislation." We have several ordinances on the books. Only two weeks ago we had a case where a man was given a summons and was given a suspended sentence because he was painting his house on Sunday. Here we come along—we cannot park our cars, we cannot do this. We must clean our sidewalks and the garbage men drop half the garbage on the sidewalks. I am just wondering about the story that an Admiral in the Pacific fleet told me. There was a ship in his squadron they called the "be no ship." The report was there was a skipper who posted notices on the board—there will be no liberty, there will be no this and that. I have great faith in this administration and I would like to see it go places, but in this I am opposed. I have never had a bit of trouble. I have had a dog twelve years. So you will put this ordinance on the books, where are you going to find the officers to enforce all these things. Our police and fire departments are undermanned. Here is a city 25.4 square miles with 421,316 people here approximately, according to the 1940 census. Five thousand seven hundred licenses were issued by the Board of Health. It is one animal for each 52.1 of population. The point I want to reiterate is that the American people dislike being pushed around.

By COMMISSIONER MURRAY:

In connection with this ordinance, I think you will grant that the Commission is more intelligent than to expect dogs to read the ordinance. It is directed to those people who own dogs. I am sure they will help us keep a clean city. I will give you an example. I live on Harrison Avenue. An intelligent man came out with his dog on a leash. He came up on our porch and the dog did his business. I waited for the dog to finish and then I asked the man if he wanted me to supply the toilet paper. If you stepped into that mess and brought it into the house, your wife would give you holy heaven. Things like that have got to be corrected. We are not here to molest people. We intend to clean up this City! Yes, "921 Bergen Avenue" notwithstanding!

By MR HOLMES:

I told you I want a clean city. I don't think the ordinance will affect me one bit. I only hope that you people will carry on to make this a great city, because I hate like the devil to be criticized "Oh, you are from Jersey City." You can continue as you want and I wish you all success.

By COMMISSIONER MESSANO:

The ordinance is to help insure a clean city. With the present polio conditions, and other diseases, a clean city is essential!

By MR HOLMES:

The only thing is that people begin to snap at you. The trouble with this world is the people in it. They snap and bark at you. Thank you.

The City Clerk asked if there was anyone else present who desired to be heard. No response.

By COMMISSIONER MESSANO:

RESOLVED, that the hearing on the final passage of the foregoing ordinance, now close.

On roll call, resolution was adopted by the following vote:

Yeas: Commissioners Messano, Murray, Spence and Witkowski.

Prior to roll call on the foregoing resolution, Counsellor Meyer Friedman of 286 Central Avenue, Jersey City, N. J., appeared before the Commission.

By MR. FRIEDMAN:

I appear as attorney for a committee representing 78 property owners within a radius of 200 feet of the prescribed premises. I would say that it represents most of the property owners in that area. Unfortunately most of the men go to business and were unable to attend this meeting. The Board of Adjustment can tell the Commissioners that at the meeting held before them, at least fifty appeared before them. The area was zoned for small homes and all of the area opposite the proposed garage. I think there is a public school about 100 feet or less from the proposed garage. Most of these people bought their homes relying upon the fact that we had a zoning ordinance in Jersey City, to be used for their homes. I don't know whether or not you have the plan that was distributed by the Public Service, showing a paint room, its pits, etc. It will be a light industry due to the fact that the busses will be painted and repaired and greased. They applied for a permit to install a ten thousand gallon tank for Diesel oil. We know the busses are going to burn Diesel oil. We know there will be a large number of busses and there will be fumes and smoke from these busses. We also presented to the Board of Adjustment 252 signatures on August 22 not only of the 78 property owners I represent, but all of the tenants in that area, all in opposition to that garage. The Public Service has been storing trolley cars in that vacant lot. They have been a source of annoyance to the people. They have made several complaints. There is not only a public school a short distance away, but a Parochial School and children take their lives in their hands passing there. Most of those houses have cesspools. There is nothing in their plan to show how they will eliminate the waste from the garage building. There is a sizable number of people in this neighborhood who are in opposition to this application. They have no axe to grind with the Public Service. The same proposition was made about two years ago and it was rejected. Some years, ago, the Greenville Line attempted to erect a terminal on Ocean Avenue and the same people objected. People who want to see this kept as a residential area. There is plenty of vacant ground south of this vacant area—Merritt Oval or Curries' Woods. I understand they own this area, but why they should take this area for a garage, I don't see. I don't think it should be acted upon hastily. I know you will say the Board of Adjustment has made a thorough investigation. I appeared at their hearing. Their outlook is a noble one. They are blinded by the fact that it will be a three hundred thousand dollar ratable. The objectors say it it going to affect their every-day lives and that is more important than the three hundred thousand dollar ratable.

By COMMISSIONER MURRAY:

Are there any of these 250 here to protest?

A. Yes, sir, I have some of them here.

The following persons appeared:

Mr. John Wagner, 12 Pamrapo Avenue,
Mr. Raymond Kravetz, 147 Seaview Avenue,
Mr. Edward Stephan, 167 Gates Avenue.

By MR. WAGNER:

I am a yard master.

By MR. KRAVETZ:

I am an insurance agent.

By MR. STEPHAN:

I am retired.

By COMMISSIONER SPENCE:

Do you wish to register your objections?

By MR. WAGNER:

My objections is that this neighborhood as long as I can remember, has been a semi-residential section and as residents and property owners, we desire to keep it that way.

By COMMISSIONER MESSANO:

How long have you lived in this City?

A. (Mr. Wagner): I was born here.

Q. Have you lived in the same house all the time?

A. I lived in this house about thirty years.

By COMMISSIONER MURRAY:

Q. Have you any children?

A. I have grandchildren.

Q. Do they reside with you in that house?

A. They live on the same street.

Q. How many?

A. Two.

Q. How old are they?

A. Four and five.

Q. Are there other neighbors who have children and grandchildren that you know of?

A. Plenty of them.

Q. They are not here?

A. It was short notice to get anybody here.

Q. Who gave you the notice?

A. We were down here yesterday morning and we were told the meeting would be this morning.

Q. Do you know who retained the lawyer here present this morning?

A. The property owners retained this attorney.

Q. How many?

A. There were 63 or 65 property owners. We got together and we retained Mr. Friedman.

Q. What is your main objection?

A. The main objection is the smoke from the fumes from the Diesel oil and they are going to erect a paint shop and a repair shop. There is plenty of room down in Merritt Oval or at the city line.

Q. Don't the trolley cars come in the vacant lot now?

A. No, sir, the trolley cars have been discontinued.

Q. Were they not storing and repairing them there?

A. No, sir.

Q. When did it stop?

A. They did minor repairs, but the heavier work was done down in Newark.

By COMMISSIONER MURRAY:

Is there a representative present from Public Service?

By MR. JAMES BUTLER:

I am here as observer not as spokesman.

By ROBERT WALL (Chairman of the Board of Adjustment):

The Board of Adjustment, if your Honor please, thoroughly investigated the situation surrounding the property upon which this garage is to be built. It was owned by the Public Service since 1895 and was used as a parking station for trolley cars. The present situation concerning this property reveals one wherein many busses are parked and run into an open plot, causing a great deal of confusion and dust. Trolley cars are dismantled in an open lot. This premises would be greatly enhanced if a building would be put upon it. It would be for the best public interest to enclose this property and keep within the building the workings of this particular organization and the cleaning of busses. On top of that, if your Honor please, this particular situation is brought about by the fact that the Public Service removed a trestle and needs some place for the busses which took the place of the trolley cars. Formerly the plan was put before the Board whereby the busses would use the street and this plan was revised so that they would use their own property. The situation in regard to traffic and children is one which existed for quite some time and still exists and I believe that the building will greatly cut down any great traffic hazard.

By COMMISSIONER MURRAY:

I move this resolution be laid over for further consideration.

Seconded by Commissioner Messano. Carried.

BOARD of COMMISSIONERS

MEETINGS OF OCTOBER, 1949

Meeting of OCTOBER 4, 1949

Minutes of a regular meeting of the Board of Commissioners of the City of Jersey City, New Jersey, held in the Assembly Chamber, City Hall, Jersey City, New Jersey, on Tuesday, October 4, 1949, at 10:30 o'clock A.M.

The Mayor called the meeting to order at 11:14 A.M. and directed the City Clerk to call the roll.

Present: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.

Absent: None.

The Mayor announced a quorum present and directed the City Clerk to proceed with the order of business.

On motion of the Mayor, seconded by Commissioner Messano and carried, the reading of the minutes of the previous meeting of the City Commission was dispensed with.

On instruction from the Mayor, concurred in by the members of the Commission, the regular order of business was dispensed with to hear from T. James Tumulty on the question of housing.

By COUNSELOR T. JAMES TUMULTY:

Mr. Mayor and members of the Commission, first allow me, this is my first visit here since you have taken office, permit me to congratulate you. I am here, because on November 8, 1949 on the ballot, will be a referendum on the One Hundred Million Dollar housing bond issue. I suppose one might term it, the "Veterans' Bond Housing Issue." At the special term of the Legislature which was reconvened at the request of the Governor on June 15th of this year, the Legislature passed this resolution, due to the changes brought on by the war. Both bodies joined in this legislation and it was passed by the House and Senate and we were happy to join with the Chief Executive to make it possible for the people to get adequate housing. It is a low rent housing project, about forty dollars a month rent and fifty percent of the vacancies which will be brought about by the construction of these houses the veterans will get. I have a resolution here requesting the citizens to vote yes on the referendum. There has been a drive to divide the issue and I feel Jersey City has a vital stake in this matter. I know, you Mr. Mayor, are trying to defeat the housing shortage and I know you will be interested in getting sound assistance from the State. With your permission I will read the resolution and ask that you pass it. I am quite sure it will be self explanatory. I have made a number of copies and if there are any amendments, it will be agreeable with me.

Mr. Tumulty then read the following resolution:

WHEREAS the Legislature of the State of New Jersey at its first 1949 special session found and declared as a fact that "there existed within the State of New Jersey an acute housing shortage on account of which the people of this State and particularly veterans of World War II and their families have been unable to obtain housing for themselves and their families" and that many World War II veterans and their familes are forced to live in unsafe and unsanitary housing which situation the Legislature of this State declared to be detrimental to the health, safety and morals of the people of the State and

WHEREAS the 1949 Legislature enacted certain laws designed to alleviate this housing shortage and placed on the ballot to be voted upon November 8, 1949 by the voters of the entire State, a public question which if voted upon affirmatively by a majority of the voters of this State, will enable the State of New Jersey to expend One Hundred Million Dollars ($100,000,000) to provide adequate housing for the people of New Jersey and particularly veterans of World War II and their families and

WHEREAS the City of Jersey City is suffering likewise from an acute housing shortage detrimental to the veterans and people of this City and abhorrent to the Board of Commissioners of this City and

WHEREAS the Mayor of the City, John V. Kenny, and his fellow Commissioners are determined to end Jersey City's housing shortage, and are convinced that the passage of the One Hundred Million Dollar ($100,000,000) Housing referendum is vital to the welfare of Jersey City and sorely needed to carry on the policies of the Mayor of Jersey City in ending the housing shortage existing in Jersey City and

WHEREAS Jersey City will be entitled to a large share of the monies to be spent by the State to end the housing shortage if this bond issue is approved and Mayor John V. Kenny and his fellow Commissioners deem it their sacred duty to the poorly housed of Jersey City to seek, obtain and assist in all housing programs both State and Federal which will end the disgrace of poor and inadequate housing and Mayor John V. Kenny and his fellow Commissioners are convinced that every voter in Jersey City desiring to join this crusade for decent housing can best do so by voting "YES" on November 8, 1949 on the public question enabling the State of New Jersey to spend One Hundred Million Dollars ($100,000,000) to assist Jersey City and other municipalities to end the housing shortage.

NOW THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Jersey City:

1. That the Commissioners of the City of Jersey City urge and hereby do urge each and every voter to vote "YES" on the public question on November 8th's ballot creating a debt of the State of New Jersey by the issuance of bonds in the sum of One Hundred Million Dollars ($100,000,000) to provide housing for the people of the State of New Jersey and

2. BE IT FURTHER RESOLVED that the Commissioners of the City of Jersey City pledge themselves and they hereby do pledge themselves to the program set forth in the housing statutes enacted by the First Special Session of the 1949 Legislature and do hereby publicly promise the swift completion of Jersey City's part in the Housing Program set forth in those laws.

The Board of Commissioners of the City of Jersey City hereby find and declare to be a fact, that a "YES" vote by each citizen in favor of the "Veterans' Housing Referendum" on the November 8th ballot is a "MUST" for every citizen anxious to solve the acute housing problem.

By COMMISSIONER SPENCE:

Is this Governor Driscoll's housing bill?

By MR. TUMULTY:

It is the bill that the Governor brought the Legislature back for. Both bodies joined in the vote for the bill and in the Assembly our votes helped to put this over. I know both bodies realize the responsibilities involved in this housing shortage.

By MAYOR KENNY:

Is there anyone else from the veterans groups who would like to be heard?

By MR. ALFRED JAMES, 1991 Boulevard, Jersey City, N. J.:

I am here in behalf of the veterans groups of the 78th Division. Mayor Kenny and fellow Commissioners of Jersey City, I have been urged by the local residents of the 78th Division to appear and urge the adoption of the resolution for public housing. We are well aware of your Honor's efforts in behalf of the veterans of Jersey City in all matters. We desire to express our appreciation to you personally for your sincere efforts to make this City the greatest city on the eastern seaboard. We are deeply concerned with public housing in this City. You fellow members of the Commission being lawyers, are well versed in the conditions of our dispossess in the local district courts, where the courts are crowded with people who are trying to dispossess tenants and the people who have no place to go. This is a perfect solution to the problem. I, as a veteran, do not desire to obtain anything for nothing. The bill provides for paying rent and we are perfectly willing to pay a reasonable amount. We are also aware that there are certain personages who are only interested in profits. I urge the citizens of this City to vote "yes" on this referendum.

By JAMES P. HIGGINS, 140 Bayview Avenue, Jersey City, N. J.:

Honorable Mayor, Honorable Board of Commissioners: Only recently I returned from the American Legion Convention at Wildwood, N. J., where I was a delegate to that convention. I am Vice Commander of the John W. Desmond Post of Jersey City. We went on record at that convention to urge all the citizens of the State to vote for this referendum on November 8th and I am here before the Commission to ask if they will not come out with an endorsement and urge all the citizens to vote for this referendum.

By MAYOR KENNY:

Is there any other person present who desires to be heard on this subject?

By COMMISSIONER WITKOWSKI:

I not only wish to address the gentlemen who appeared before us today, but also those people here assembled; I can say with reasonable certainty that we are in favor of any program designed to improve conditions for the veterans; they were the hardest hit. Being interested in improved housing conditions, therefore, we are in favor of any program to improve conditions throughout the City, County and State. Therefore, I feel that the Commission is behind this resolution.

By MAYOR KENNY:

Mr. Tumulty, in your analysis of this proposed referendum, you are convinced that our City will obtain a substantial sum of money for housing in Jersey City; that fifty per cent of the vacancies must be allocated for veterans; the balance to be assigned for "low-income bracket" tenants?

By MR. TUMULTY:

As I analyze this bill, it is an excellent program. Roughly, fifty per cent vacancies will be open to veterans and if they don't take them, they will be open to citizens. By reason of the changes of the families, the non-veterans are hit.

By MAYOR KENNY:

If this bill passes, it will insure reasonable rents in respectable areas?

By MR TUMULTY:

Jersey City will be entitled to a substantial share. What I think is attractive, it has a low rental value. I don't think the rents will be more than forty dollars a month. It is designed to attract not only the low-income, but the middle group. We Democrats in the lower house were pleased to join with the Republicans to pass it. I hope the bill is passed. If it is not, it will be only that much more difficult.

By MAYOR KENNY:

Mr. Tumulty, I think both you and Mr. James, in your summation, realize my sentiments; because of the great personal interest I have, I want everybody in Jersey City to know that the Commissioners, to a man, have as deep a concern as has the Mayor. The Democrats in Jersey City are going to join, as did you Democrats in the Assembly, in approving this resolution.

By MR. TUMULTY:

I want to thank you, Mr. Mayor, for taking up your time and I want to say that this program will solve the problem. As far as I am concerned, I want to thank each and every one of you and while in Trenton I will be very happy to do anything the City officials of Jersey City want done.

By COMMISSIONER MESSANO:

I move the adoption by this Commission of the resolution submitted.

Seconded by Commissioner Spence. Carried.

On roll call the resolution was adopted by the following vote:

Yeas: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.

Nays: None.

By COMMISSIONER WITKOWSKI:

You gentlemen have been granted bus drivers' licenses. The word license itself is indicative of a privilege. It is a privilege which this Commission grants to each of you and is subject to regulations which we impose on each of you. It is time that bus drivers understand those rules and regulations. You have street corners into which you are supposed to guide your vehicles. If there is traffc congestion at a corner, you have to meet those circumstances. Don't drive at an excessive rate of speed. Children in the streets are hazards. We realize that they do not have adequate play facilities. Until such time as we can provide these, you must take particular care of our children. Drive carefully. Adhere to all regulations. At the same time, so guide yourselves that people generally will be proud of our transportation system. The whole thing depends on you. We expect you to fulfill your obligations and, if you do, your license will be safe. If there are violations, you are subject to have such license recalled by this Board.

The City Clerk read the following communication:

September 29, 1949.

Board of Commissioners,
City Hall,
Jersey City, N .J.
Gentlemen:

Mr. Charles Kehoe, representative of the Highway Safety Education Division of Motor Vehicles, Trenton, N. J., called upon your City Clerk seeking information on several communications sent by his Department to your predecessors in office; these communications, it appears, date back to the year 1947. Briefly, the Division was seeking to create, by official action, a "Municipal Highway Safety Coordinating Committee." No action on their suggestion was ever taken; no record is available in my office of any inquiry, determination or otherwise. Hence, I have instructed Mr. Kehoe to be present at the meeting scheduled for Tuesday, October 4, 1949 and have assured him that his request would be listened to and his suggestions weighed.

Very truly yours,
(s) James A. Tumulty, Jr.,
City Clerk.

Following the reading of the foregoing communication by the City Clerk, Mr. Charles Kehoe appeared before the Board.

By MR. KEHOE:

Mr. Mayor and Commissioners, I am calling as the representative of the State Highway Coordinating Committee which goes back to the Highway Safety Conference of 1947. Out of that conference the Governor appointed a Coordinating Committee. A resolution was adopted requesting each municipality to create by official action, a Municipal State Highway Coordinating Committee. Their function would be to analyze the local traffic situation. The State Committee comes out with an official program. (Mr. Kehoe distributed copies of this program to each Commissioner.) When these programs are received by the Municipal Committee, they study them, apply them to the local conditions and then we will get a complete study of the conditions. We are just at the point where we are able to take a personal census to see if committees are appointed and to see if we can assist them. We don't have, unfortunately, a committee in Jersey City.

By COMMISSIONER MESSANO:

What committees have been appointed at the present time?

By MR. KEHOE:

We have committees in 512 out of 565 municipalities. We have a county committee in every county except Hudson. At the County level, we feel that we should organize the municipalities first.

By COMMISSIONER MESSANO:

When did you take this up with the Commission previously?

A. In 1947 we sent a communication.

Q. There was no action taken at all?

By JAMES A. TUMULTY, Jr.:

I have searched high and low and cannot find any reference to the subject in the office of the City Clerk.

By MR. KEHOE:

In order to coordinate throughout the entire State we must first coordinate the municipalities. If there are any questions I may be able to answer, or help you, I will be glad to come up and answer the questions.

By COMMISSIONER WITKOWSKI:

We have just appointed a Parking Commission. Will there be any conflict with your program?

By MR. KEHOE:

It is a separate program. Each official will be informed of the program and the idea is that better results will be obtained.

Q. It is an attempt to make the program throughout the State uniform?

A. There may be some problems that apply only to the municipality.

Q. How many such committees have you in the State now?

A. 512 out of 565 municipalities.

By COMMISSIONER MESSANO:

I move that the matter be taken under advisement.

By COMMISSIONER MURRAY:

May I amend the motion to suggest that the matter be referred to the Director of the Department of Public Safety? May I further suggest, Mr. Kehoe, that you keep in touch with the Commissioner?

As amended, seconded by Commissioner Messano and carried.

By MR. KEHOE:

I would be remiss, if I did not mention the fine cooperation given me by your City Clerk, Mr. Tumulty.

At this time the City Clerk read a communication from Anthony A. Ferraro, President of the Inter-County Lines, Inc., requesting permission to operate auto busses between Journal Square, Jersey City and Washington and Morris Streets, in Jersey City.

By COMMISSIONER MESSANO:

I move the communication be laid over.

Seconded by Commissioner Spence. Carried.

Mr. Walter E. Simons of 10 Bacot Street, Jersey City, N. J., appeared before the Board.

By MR. SIMONS:

I appeared before this Board about two months ago and complained about a parking lot across the street from me. At that time they said they were going to send someone up there to take a look at it. There seems to be a difference of opinion on this thing. Since then, they sent six inspectors to look the place over. The last one was the Inspector of the Street Cleaners in that section of the City. I understand that Commissioner Messano holds them strictly responsible for the conditions that exist in that section. He comes up there and looks the place over. That was the sixth man who was up there. After he went away, I had occasion to come to the City Hall and I met this gentleman and he said he made out a report and laid it on the Commissioner's desk, in which he said he cannot keep the street clean and the sewers clean on account of that condition. As I understand it, they are not going to do a thing about it. What I am here for is to find out if I have to keep up with this condition for the next twenty years. It is intolerable. You Commissioners came up there and asked for our political support and we gave it to you. Now I ask you to come up and take a look at our situation. There is not one who said the conditions are not as I said. Do we have to continue living like that? ? I am out there cleaning that place all night and day. I even clean the streets. Every time it rains there is an overflow from this thing. There is a pitch. I have had the sewer back up under my house. They tell me they will come and clean my sewer. They have not been there in four months. Why do I have to stand that. Now Mr. Messano says he cannot do anything about it. "If you want to go ahead you can get an injunction against them." What does this circular mean. They sent it up today. I don't need it. I have always kept a clean place. I want a clean city and I am entitled to it. I send down here between thirteen and fourteen hundred dollars a year. I don't want these people coming in here with parking lots. What I am interested in is what happens in my front yard. Where is the authority? Commissioner Messano says we can bring them into court. They will be fined $10.00. You are sending word to the railroads to put drip pans under the trestles, and they must stop dumping ashes there. Don't I get anything for my taxes? Why should not this damn nuisance be stopped? I have a home there. I am maintaining houses for other people. These people tear down houses. I pay taxes on buildings and lands. I thought when the 10th day of May came along we were going to get away from that unbearable condition. I wish you gentlemen would go up there and see what we have to contend with. When you come up out of Magnolia Avenue, you don't have to find out where you are, you know it is Jersey City, a dirty, filthy place. We are zoned residential and that is what they call residential.

By COMMISSIONER MURRAY:

Did I understand you to say, at the outset, that nothing had been done and that six men had been sent up there?

A. Yes, sir.

Q. So that something *was* done! Did I understand you to say, further, that not one of those six differed with you?

A. The one reported. I did not see the report.

Q. Do you know his name?

A. He is the gentleman who I understand is the one who oversees the street cleaners in that particular neighborhood.

Q. Did you report that to Commissioner Messano? What that man was supposed to have said to you?

A. No, sir, I did not.

Q. You are just reporting it now?

A. Yes.

Q. Did I understand you to say that the sewer was cleaned out once since *we* have been in office?

A. It has been cleaned once, about four months ago.

Q. How long before we came into office?

A. When I came down and complained about it.

Q. Was it not cleaned out about two weeks ago?

A. No, sir.

By COMMISSIONER MESSANO:

Q. How many families in that vicinity where you live?

A. I don't know.

Q. You lived there a number of years?

A. I am not interested in that, I am only interested in the conditions.

Q. How many people live there?

A. In my house?

Q. In that immediate vicinity?

A. I don't know.

Q. Would you say there are 100 families?

A. I am not interested in that.

Q. I am very much interested in that! I would like this Commission to know how many people live in that immediate vicinity?

A. That I could not say.

Q. I am trying to find out how long you have lived there?

A. Forty-three years.

Q. And you cannot give us any idea as to how many people live there?

A. No, sir, I mind my own business.

Q. Has not the person who owns the parking lot stopped washing cars there?

A. That is all.

Q. Don't they sweep around that parking lot every morning since you have been down here?

A. No, sir, unless it was cleaned this morning.

Q. The proprietor of the lot?

A. That is what I say, the operator, has not cleaned that up.

Q. Since you were here last?

A. I don't say that.

Q. As a matter of fact they clean it up every day?

A. No, sir, they do not.

Q. You say that sewer was not cleaned two weeks ago?

A. No, sir, I am sure of that. I am interested in that sewer because I go in with the private sewer right ahead of it.

Q. And you think that we should compel these people to put up a retaining wall to eliminate that condition?

A. I am not telling them anything except to keep those ashes within their properties.

By COMMISSIONER MURRAY:

Q. Don't you think if the owners of that parking lot would sweep up once or twice a day, it would eliminate the trouble?

A. Unless they come out and sweep the street.

By MRS. LAURA HARWOOD, 50 Glenwood Avenue, Jersey City, N. J.:

Mr. Simon has complained to you before. At the present time he says cars roll out into the street facing his home. This is not so. We have put up a fence. There are no ashes. We closed a driveway on Bacot Street in order to try and be good neighbors. At the present time we are securing some new method of crushed stones and macadam to try and keep the ashes from going into the street. This area is cleaned once a day. Mr. Simon wants us to put a hard surface there and we would have to increase our rates.

By COMMISSIONER MURRAY:

What did you say you do to prevent the ashes accumulating in the street?

A. On Bacot Street they do not go out there. We have some logs there. There is no dust raised. The cars come there and stay there all day.

Q. If it would rain?

A. The only way, the one driveway on Pavonia Avenue, we have been putting something there and we are trying to remedy it.

Q. Could you not put a strainer there?

A. We have put something there now, a pretty fair sized cut stone and macadam mixture. There is not too much ashes.

By COMMISSIONER MESSANO:

How soon do you expect to finish that?

A. We just put in a load. We are trying it. Whatever we do it does not seem to satisfy Mr. Simon.

By COMMISSIONER MURRAY:

I think that if you do the reasonable, without putting out a fortune, it will work out. You will do everything you can to eliminate the nuisance.

Mr. Simon, suppose you give those owners a chance to work out a solution. If no improvement results, you come down again.

If the people, here, will be one one-hundredth as patient as they were with the former "do nothing" administration during the past thirty-six years, I feel sure we will give you a Jersey City that all will be proud of.

The City Clerk asked if there was anyone present who desired to address the Commission. No response.

On motion of Commissioner Messano, seconded by Commissioner Murray, the Board adjourned:

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 4th day of October, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

Received and ordered placed on file in the Office of the City Clerk for a period of two weeks for the purpose of public inspection.

The City Clerk asked if there was any person present who desired to address the Commission.

John J. Scanlon of 277 Harrison Avenue, Jersey City, N. J., appeared before the Board.

By MR. SCANLON:

Commissioners: At the outset I want to state that I am grateful for the privilege extended me to address the City Commission. For some time now, the citizens of the West Bergen section of Jersey City have been endangered in life and limb by the traffic situation along West Side Avenue and Mallory Avenue. We know from the newspapers that the Commissioners are aware of this situation. A civic group has taken this matter up with the Director of Public Safety.

By COMMISSIONER MURRAY:

Whom do you represent?

A. I represent, Commissioner, my own association, the West Bergen Regular Democratic Club. I am honored to represent the Veterans' Civic League and the hundreds of people who have signed this petition.

Q. How many signers have you?

A. Approximately nineteen hundred.

By COMMISSIONER WITKOWSKI:

What are you looking for?

A. May I read the petition?

Q. Some action has been taken. A motorcycle police officer patrols up and down the street. We are doing everything possible to help the condition.

A. We realize the motorcycle cop goes up and down the street and we feel that he is endangering his life and limb by speeding after people.

By COMMISSIONER MURRAY:

Do you think we should permit cars to speed without going after them?

A. I don't think the motorcycle is the proper thing.

Q. How long ago did these people sign the petition?

A. In about a month. Not the calendar month, but from September 15th until today.

Q. Anyone sign since the Director of Public Safety tried to remedy conditions?

A. I would say that the majority of them signed since then.

Q. Do you know how long it took to sign these petitions?

A. September 15th to October 13th.

Q. Have you got the names of the people who solicited the names?

A. There were so few, I could get them.

By COMMISSIONER WITKOWSKI:

The leader of that ward came to me and asked me to dispatch someone up there. He asked me to have a survey made and put through these improvements.

A. I am looking for traffic lights.

(Mr. Scanlon then read the petition and filed it with the City Clerk)

By COMMISSIONER MESSANO:

How long has this condition existed?

A. Since the last administration paved the street.

Q. How long is that?

A. Last Fall. It was completed during the winter.

Q. And this is the first action your body has taken in this matter?

A. That is right, Commissioner Messano.

Q. Notwithstanding that condition exists, you never took action?

A. It is the fault of the autoists who divert from the Boulevard to West Side Avenue. It is not the fault of this administration or the previous administration.

Q. Notwithstanding the fact that it dates back one year?

A. That is right, Commissioner.

By COMMISSIONER MESSANO:

I move that the petition be referred to the Commissioner of Public Safety.

Seconded by Commissioner Murray. Carried.

Mr. Albert Handel of 505 Communipaw Avenue, Jersey City, N. J., appeared before the Commission.

By MR. HANDEL:

Commissioners: I have a petition signed by some one hundred and fifty persons, comprising property owners, storekeepers and residents of the Junction vicinity who have asked me to present this petition to you for the purpose of having cross walk lines painted on the various intersections at the Junction and to have directive signs installed indicating the various routes to Newark, the Central Railroad and the Holland Tunnel. There is a lot of traffic with busses going in several directions. There is a High School and a Parochial School in the vicinity. There are no marks of any kind on these abutting streets and the people feel that such signs are necessary in the Junction area.

By COMMISSIONER MESSANO:

I move that the petition be referred to the Director of Public Safety.

By COMMISSIONER MURRAY:

I second the motion. The suggestions are sensible and I feel should be followed. The motion was carried.

The City Clerk asked if there was any person present who desired to address the Commission. No response.

On motion of Commissioner Murray, seconded by Commissioner Messano and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 18th day of October, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

Minutes of Meetings of BOARD of COMMISSIONERS

MEETINGS OF NOVEMBER, 1949

Meeting of NOVEMBER 1, 1949

Minutes of a regular meeting of the Board of Commissioners of the City of Jersey City, New Jersey, held in the Assembly Chamber, City Hall, Jersey City, N. J., on Tuesday, November 1, 1949, at 10:30 o'clock A.M.

The Mayor called the meeting to order at 11 o'clock A.M., and directed the City Clerk to call the roll.

Present: Commissioners Messano, Murray, Witkowski and Mayor Kenny.

Absent: Commissioner Spence (excused).

The Mayor announced a quorum present and directed the City Clerk to proceed with the order of business.

On motion of the Mayor, seconded by Commissioner Witkowski and carried, the reading of the minutes of the previous meeting of the City Commission was dispensed with.

CITY ORDINANCE

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following described ordinance:

> "An Ordinance to provide for the elimination of fire and other hazards to public safety in hotels, rooming, lodging and boarding houses, providing for the registration and inspection thereof, and penalties for violations" (Ordinance No. K-1267),

the City Clerk read the ordinance and public notice and then called for anyone who might desire to protest against the final passage of said ordinance.

Mr. Frederick H. Steinle of 2728 Hudson Boulevard, Jersey City, N. J., appeared before the Commission.

By MR. STEINLE:

We have had occasion to rent out one or two rooms to help our friends out. I am here asking the Commission or Commissioners if it could be possible that some way or form could be reached to modify that so that it would not take in these smaller houses. My interpretation of this clause of the ordinance, that class of houses would come under that ordinance. There are a number of people who are compelled to double up on account of the lack of housing. I think it is unfair to put this type of house in that category. It is discriminatory to the extent that while buildings that have been built under the building laws such as apartments where they rent out two or three rooms in their apartment which do not come within the scope of this ordinance. I feel that this Commission before passing finally upon this ordinance is doing a great injustice to the small home owner who is compelled to take in one or two roomers who naturally would be paying for the maintenance and who would be on the upper floor as designated in this ordinance; that it would be a hardship for them inasmuch as they would be compelled to install these non-mechanical fire escapes. This case being such, you understand, Mr. Mayor, I feel that there should be some kind of a modification made.

Is it all right to go ahead, Mr. Mayor?

By MAYOR KENNY:

Certainly.

By MR. STEINLE:

I feel that these buildings should be a private dwelling and not a rooming house. I ask this Commission that they take into consideration some modification in this particular ordinance. I have been in the city all my life and a property owner for the last thirty or forty years and I naturally have the interest of the city at heart and further, I feel that you will be doing a great favor and a public service to this type of person or buildings in the modification of this particular clause.

By THE CITY CLERK:

On instructions from the Mayor and with the concurrence of the other members of the Commission it is recorded that the final vote on the adoption or rejection of the proposed ordinance will be deferred, to the next meeting of the Commission.

By MAYOR KENNY:

Mr. Steinle we want you to know that this vote has been postponed and that there is no desire on the part of the City Commission to inconvenience or to embarrass any one of our citizenry in any manner, shape or form. An ordinance of this character will afford the Police Department the medium and opportunity of checking on "undesirables" who may—from time to time—seek to obtain transient lodging in some of our local rooming houses or even private dwellings. We of the present Commission are primarily concerned with the problem of protecting each and every member of the citizenry of our City as are other governmental officials concerned with the welfare of the citizenry of their cities in this great country of ours. Your protest, particularly that part of it as is directed to the question of four-room houses being considered private dwellings, is well taken; it is the consensus of our Board that the matter is worthy of further study; for that reason, and to that end, the Clerk has been instructed to so record our vote, at least for the time being. Again, may I reassure you of the desire of this Board to cooperate with one and all to the fullest possible extent. Every consideration will be given to the matter and every doubt will be resolved in our final vote.

By MR. STEINLE:

While I appreciate that the intention of this ordinance is not only to protect against fire hazards and also to eliminate undesirable people in the city, I feel that the Commission will find more undesirable people in apartment houses than rent our rooms and that the fire hazards in such apartment houses is far greater than it would be in a private dwelling. I might add as an example a recent fire on the Boulevard known as 2540 Boulevard, Alban Court, wherein there are a number of tenants who make it a business to hire these five and six room apartments and rent them out. On one particular occasion there was a very disastrous fire wherein one or two people were burned or killed. There are hundreds of apartments, I personally being connected in the real estate business know of this condition where people hire apartments and make a business of renting out one or two rooms where the fire exit or fire escape is broke. Unless I do not interpret this ordinance correctly this is a far greater hazard than having people in a one or two story building where possibly one or two or three occupy the upper floor. I also want to forcibly impress upon this Commission particularly of these periodic inspections of such places which are actually rooming houses which rent out eight or ten or fifteen rooms who don't really know who they are getting in or don't care as long as they pay the rent.

By MAYOR KENNY:

If you have any personal knowledge, or compelling reason to believe that the condition does exist—that apartments in this community are being used as rooming houses, hotels, lodging places or other such, I feel that you will recognize it to be your duty, as a proud citizen of our fair city of Jersey City, to put forth that information, make it available to us and permit us to initiate whatever correctory measures may be found to be necessary to remedy the conditions.

RESOLVED that a warrant be ordered drawn on the City Treasurer to the order of F. J. Farley, County Treasurer, in the sum of $2,237,008.13 in payment of the Fourth and Final Quarter of the 1949 County Tax, due and payable on November 15, 1949, as per voucher attached.

Acting Mayor Murray instructed the City Clerk to delay the roll call on the foregoing resolution.

By ACTING MAYOR MURRAY:

Is it not a fact that the County owes the City of Jersey City substantial sums of money for water consumed by the County government?

By COMMISSIONER MESSANO:

We are not opposed to this Commission approving a resolution to pay our just obligations. In connection with this resolution, however, I do want to call the attention of the Commission that the County of Hudson owes this City several thousand dollars on its water bills. I have called it to their attention and have called it to the attention of our own Law Department. Under such circumstances, we should take action to compel the County to pay what is long overdue. Therefore, I move that this resolution be tabled for further consideration.

The motion was seconded by Commissioner Witkowski and carried.

By ACTING MAYOR MURRAY:

Mr. Clerk, you have heard the motion. I don't think this City should furnish millions of dollars to the County of Hudson when it fails to pay its just debt to the City. They are creating sinecure positions and paying "dead-heads." There is no reason why we officials should cause to be paid out the money of the people of Jersey City to the County of Hudson unless that county pays the debts it owes to Jersey City.

Commissioner Messano, how long has this money been owed to the City of Jersey City?

By COMMISSIONER MESSANO:

For months past.

By ACTING MAYOR MURRAY:

A good part of the year and here we are ready to pay our installment to the County of Hudson.

Mr. City Clerk, take a vote on the resolution.

On roll call Commissioner Messano's motion was carried by the following vote:
Yeas: Commissioners Messano, Murray and Witkowski.
Nays: None.

By COMMISSIONER WITKOWSKI:

RESOLVED that permission is hereby granted to the following holders of Plenary Retail Consumption Licenses to transfer their said Plenary Retail Consumption Licenses to new owners; and be it

FURTHER RESOLVED that the said licenses so transferred be and the same shall expire as of June 30, 1950.

CITY ORDINANCES:

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following ordinance:

"An Ordinance regulating snow and ice removal from sidewalks," the City Clerk read the public notice and the ordinance and then called for anyone who might desire to protest against the final passage of said ordinance. No written protests were received.

Mr. Robert Anderson of 394 Grove Street, Jersey City, N. J., appeared before the Commission.

By MAYOR KENNY:

Proceed, Mr. Anderson.

By MR. ANDERSON:

I am usually in favor of anything that will make Jersey City cleaner, brighter and more healthful. In regard to this ordinance, I have been on Grove Street for 64 years. We have always endeavored to keep the place in fine order. We never had any serious trouble in all that time. There is one thing in the proposed law that I am not in favor of, in fact, I think it would be detrimental. We depend on salt to get the snow and ice melted. From experience it has worked very nicely. When I read in the paper about this law I wrote to the Commissioner and said I would like to give my opinion on the matter and he referred me to the Counsellor. I talked to him and he suggested that I come here today.

I did not know about this until the middle of last week. I talked to a number of my neighbors and they said the salt left marks when you walked up the steps and into the house. I can't see any difference in that and the mess made by ashes and sand. The ashes, as you walk along are kicked off and make it dangerous so that you are liable to slip and fall. I talked with my sister and she said she would rather have a little dampness and white from the salt than having you fall and injure yourself. I have no complaint at all about the sand. I cannot understand what the objection is. It talks about dogs and animals. They are of no importance compared to human beings. I hope I have outlined the point.

By COMMISSIONER MESSANO:

We are happy to have you come here and express your opinion about this ordinance. We are happy to have any citizen come here. I made a study of this matter and found that it might be injurious to vegetation and animals. We thought that there should be a prohibition against this. We want this ordinance adopted because of the season of the year. The Commission will make a further study of the matter. We will then be able to amend our ordinance, if good cause appears.

By COMMISSIONER MESSANO:

RESOLVED, that the hearing on the final passage of the foregoing resolution do close.

By COMMISSIONER SPENCE:

WHEREAS on November 5, 1947, an Ordinance of the City of Jersey City was duly passed entitled: "An Ordinance embodying a contract and lease between the City of Jersey City and the Prudential Insurance Company of America containing terms and conditions relating to a housing project to be located northeast of the intersection of West Side Avenue and Audubon Avenue, Jersey City, under and pursuant to the 'Urban Redevelopment Law' of the State of New Jersey, Chapter 52, P.L. 1946"; and

WHEREAS pursuant to the provisions of Chapter 52 of the Laws of New Jersey for 1946, The Prudential Insurance Company of America duly accepted the contract and all the terms, conditions and limitations contained therein and the lease forming a part thereof, which acceptance was filed in the City Clerk's Office of the City of Jersey City on November 20, 1947, and constituted the lease and contract between the City of Jersey City and The Prudential Insurance Company of America in connection with the erection of a housing project on the lands more fully described in said Ordinance; and

WHEREAS The Prudential Insurance Company of America under the terms of said Urban Redevelopment Law, Chapter 52, P.L. 1946, was only obligated to proceed with the erection and completion of said housing project if the erection of such project were feasible and only after the City of Jersey City had acquired title to the lands described in the said Ordinance and tendered possession thereof to The Prudential Insurance Company of America; and

WHEREAS it appears that The Prudential Insurance Company of America has been unable to obtain a bid from any contractor for the erection of the structures in accordance with the plans and specifications filed with the City of Jersey City which would be economically feasible within the meaning of the said Urban Redevelopment Law, and considerable time would probably elapse before the cost of labor and materials were such that the proposed project could be constructed by The Prudential Insurance Company of America to provide housing units within the rent scale of those persons intended to be benefitted by such housing accommodations; and

WHEREAS Naroma Corporation, a corporation of the State of New Jersey, has requested The Prudential Insurance Company of America to make an assignment of its leasehold and contract rights under the aforesaid Contract Ordinance so that it may proceed with the erection of a housing project on the site described in the said Ordinance; and

WHEREAS The Prudential Insurance Company of America has entered into an instrument of assignment whereby all the right, title and interest of The Prudential Insurance Company of America under the aforesaid Contract Ordinance is assigned and transferred to Naroma Corporation, subject to the conditions precedent that the City of Jersey City consents to the said assignment and releases and discharges The Prudential Insurance Company of America of and from all claims, liabilities and obligations to the City of Jersey City under and by virtue of said Contract Ordinance; and

WHEREAS the Board of Commissioners of the City of Jersey City has examined into the matter and believes that to avoid further delay in the construction of a housing project on the site described in the said Contract Ordinance it is in the public interest to consent to the said assignment by The Prudential Insurance Company of America to Naroma Corporation and to substitute in place and stead of The Prudential Insurance Company of America the said Naroma Corporation to erect a housing project on the tracts described in said Ordinance.

NOW, THEREFORE, BE IT RESOLVED on this 15th day of November, 1949, by the Board of Commissioners of the City of Jersey City, that the said governing body of the City of Jersey City does hereby find and determine that the assignment to Naroma Corporation of all right, title and interest of The Prudential Insurance Company of America under and by virtue of the said Contract Ordinance entitled, "An Ordinance embodying a contract and lease between the City of Jersey City and The Prudential Insurance Company of America containing terms and conditions relating to a housing project to be located northeast of the intersection of West Side Avenue and Audubon Avenue, Jersey City, under and pursuant to the 'Urban Redevelopment Law' of the State of New Jersey, Chapter 52, P.L. 1946", is in the public interest to facilitate the erection of housing units, and hereby consents to said assignment and does hereby remise and release The Prudential Insurance Company of America of and from all claims, liabilities and undertakings under and by virtue of said Ordinance, and hereby substitutes in its place and stead the said Naroma Corporation, a corporation of the State of New Jersey.

BE IT FURTHER RESOLVED that the City of Jersey City accept a conveyance from The Prudential Insurance Company of America of Lot No. 4, City Block No. 1300, as shown on the Tax Maps of the City of Jersey City, after Naroma Corporation has paid The Prudential Insurance Company of America the sum of Forty-four Hundred and Twenty-eight and 5/100 ($4,428.05) Dollars, which was one of the undertakings of the City of Jersey City under the aforesaid Ordinance.

BE IT FURTHER RESOLVED that the City of Jersey City hereby consents to the borrowing by Naroma Corporation on the security of the leasehold and the buildings to be erected, by mortgage or mortgages, bonds, debentures or other form of lien (exclusive of any lien whatsoever on the fee of the lands), which mortgage or mortgages or other forms of lien shall not extend in time beyond the period of amortization of the capital investment of Naroma Corporation, its successors or assigns, and in no event beyond 60 years from the inception of the lease, provided, however, that any borrowing herein authorized shall be for the sole purpose of raising capital to erect, complete, renovate, recondition or repair the structures which will constitute the project contemplated under the aforesaid Contract Ordinance or any modification thereof.

WHEREAS, the Board of Commissioners desires to make provision for the sale of the bonds described in the notice of sale hereinafter set forth; NOW, THEREFORE,

The Board of Commissioners of the City of Jersey City DO RESOLVE as follows:

Section 1. Sealed proposals for the purchase of said bonds shall be received and considered as provided in the following notice of sale:

NOTICE OF SALE

CITY OF JERSEY CITY, NEW JERSEY

$1,100,000 BONDS

The Director of the Department of Revenue and Finance of the City of Jersey City, will, on the 6th day of December, 1949, at two o'clock, P.M. (Eastern Standard Time), at his office in the City Hall, in Jersey City, New Jersey, receive and publicly open sealed proposals for the purchase of $1,100,000 of bonds of said City, hereinafter described.

The bonds consist of the following three issues of bonds, viz.:

(1) $550,000 Emergency Housing Bonds dated December 1, 1949, payable serially, $55,000 of bonds on December 1st in each of the years 1950 to 1959, inclusive.

(2) $470,000 Water Bonds, Series D, dated November 1, 1947, payable in

annual installments on November 1st in each year as follows: $10,000 of bonds in each of the years 1950 to 1957, inclusive, $40,000 of bonds in 1958, $20,000 of bonds in each of the years 1959 to 1968, inclusive, $15,000 of bonds in each of the years 1969 to 1975, inclusive, $20,000 of bonds in 1976, and $25,000 of bonds in 1977.

(3) $81,000 Public Improvement Bonds, dated December 1, 1949, payable serially, $10,000 of bonds on December 1st in each of the years 1950 to 1957, inclusive.

The bonds are of the denomination of $1,000 each and are coupon bonds, registerable at the option of the holder as to principal only or as to both principal and interest and are payable at the office of the City Treasurer, in Jersey City, New Jersey. The bonds will bear interest at a rate which will not exceed six per centum (6%) per annum and the interest on the Water Bonds will be payable semi-annually on May 1st and November 1st, and the interest on the Emergency Housing Bonds and Public Improvement Bonds will be payable semi-annually on June 1st and December 1st.

The Water Bonds payable subsequent to November 1, 1962, are redeemable prior to their respective maturities, at the option of the City of Jersey City, on November 1, 1962, or on any subsequent interest payment date. and the Emergency Housing Bonds payable subsequent to December 1, 1954, are redeemable prior to their respective maturities, at the option of the City of Jersey City, on December 1, 1954, or on any subsequent interest payment date. Such redemption, in the case of each issue, must be made upon the following terms and conditions, viz.: (1) the bonds redeemed on any interest payment date must include all the bonds then outstanding or must be the outstanding bonds bearing the highest identifying numbers; (2) the redemption price shall be par and accrued interest to date of redemption; and (3) at least thirty days prior to the interest payment date upon which such redemption is to be made, a notice of intention to make such redemption, describing the bonds to be redeemed, must be published at least once in a newspaper printed in the English language and published and of general circulation in the City of Jersey City, in the State of New Jersey, and must be published at least once in a financial journal published in the Borough of Manhattan, in the City and State of New York.

In bidding for the bonds, the bidders must consider the bonds as constituting a single issue of bonds. Each proposal submitted must name the rate of interest per annum to be borne by the bonds bid for and the rate named must be a multiple of one-twentieth of one per centum and must be the same for all the bonds bid for. The purchase price specified in the proposal must not be less than $1.100,000 nor more than $1,101,000. In selecting the proposal to be accepted, the Director of the Department of Revenue and Finance will not consider proposals which name a rate of interest higher than the lowest rate named in any legal acceptable proposal; and if two or more such proposals name the lowest rate, the proposal offering to accept the least amount of bonds (such bonds being the first maturing bonds) will be accepted, unless two or more proposals name the lowest rate of interest and offer to accept the same least amount of bonds, in which event that one of such last mentioned proposals which offers to pay the highest price will be accepted.

The City of Jersey City will covenant with the holders of the Water Bonds that (1) the City shall fix and collect rates, rentals or other charges for connection with and use of, and for water furnished by, the water supply system established. maintained and operated by the City, including any improvements thereto and extensions thereof hereafter constructed or acquired, and (2) such rates, rentals and other charges shall be sufficient to produce in each fiscal year of the City the revenues necessary to provide for the payment of (a) all expenses of operation, maintenance and repair of such water supply system, incurred or payable during such fiscal year, and (b) all principal and interest payable during such fiscal year with respect to all bonds issued pursuant to this ordinance and also all other bonds heretofore or hereafter issued to finance such water supply system, and (c) any other obligations having a lien on such revenues or any part thereof, and (3) the revenues derived from such rates, rentals and other charges in each fiscal year of the City, to the extent necessary and before making any other use of such revenues, shall be applied to the payment of the expenses of operation, maintenance and repair of such water supply system incurred or payable during such fiscal year, and to the payment of the principal and interest, payable during such fiscal year with respect to all such bonds or other obligations.

The purchaser must pay accrued interest from the date of the bonds to the date of delivery. No interest will be paid upon the deposit made by the successful bidder. The right is reserved to reject all bids.

Proposals should be addressed to the undersigned Director of the Department of Revenue and Finance and enclosed in a sealed envelope marked on the outside "Proposal for Bonds." Bidders must at the time of making their bids, deposit a certified or cashier's or treasurer's check for $22,000 drawn upon a bank or trust company for such amount, to the order of the City of Jersey City, to secure the City from any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder will be furnished with the opinion of Messrs. Reed, Hoyt & Washburn, of New York City, that the bonds are valid and legally binding obligations of the City.

The enactment, at any time prior to the delivery of the bonds, of Federal legislation which in terms, by the repeal or omission of exemptions or otherwise, subjects to a Federal income tax the interest on bonds of a class or character which includes these bonds, will, at the election of the purchaser, relieve the purchaser from his obligations under the terms of the contract of sale and entitle the purchaser to the return of the amount deposited with the bid.

By order of the Board of Commissioners of the City of Jersey City.

(s) DONALD SPENCE,
Director of the Department of
Revenue and Finance of the City
of Jersey City, New Jersey.

(8) It is further understood by the purchaser that in the event the said purchaser has not made full compliance with the said requirements, regulations and conditions and use of land as set forth herein, within the specified time, such failure to perform shall be considered at the option of the City of Jersey City a breach of said condition of sale and a default by the purchaser, for which the City of Jersey City may declare the paid consideration forfeited and retain the same, and may resell the said property.

This bond is one of an issue of bonds of like date and tenor, except as to maturity and redemption provisions, payable serially on November 1st in each of the years 1948 to 1977, inclusive, numbered from 1 to 2,400, inclusive, in the order of their maturity, issued pursuant to The Local Bond Law (Chapter 1 of Title 40 of the Revised Statutes of New Jersey, as amended) and pursuant to ordinances duly adopted by the Board of Commissioners of said City on the 4th day of June, 1946 and on the 20th day of April, 1948.

(Paragraph to appear only in bonds payable
subsequent to November 1, 1962)

The bonds of such issue of bonds payable subsequent to November 1, 1962 are redeemable prior to their respective maturities, at the option of the City of Jersey City, on November 1, 1962 or on any subsequent interest payment date upon the following terms and conditions, viz: (1) the bonds redeemed on any interest payment date must include all the bonds then outstanding or must be the outstanding bonds bearing the highest identifying numbers, (2) the redemption price shall be par and accrued interest to date of redemption; and (3) at least thirty days prior to the interest payment date upon which such redemption is to be made, a notice of intention to make such redemption, describing the bonds to be redeemed, must be published at least once in a newspaper printed in the English language and published and of general circulation in the City of Jersey City, in the State of New Jersey, and must be published at least once in a financial journal published in the Borough of Manhattan, in the City and State of New York. The City Clerk asked if there was anyone present who desired to address the Commission.

Mr. Elliott Robbins of 135 Boyd Avenue here appeared and demanded to be heard on the subject of an ordinance, already enacted into law, Regulating the Cleaning of Streets and Sidewalks. Mr. Robbins was intent upon forcing his views upon the Commission but, after an exchange of views with each Member of the Commission then present, finally agreed to abide by the recommendations of Acting Mayor Spence that he incorporate his protests in a letter and deliver the same to the attention of Commissioner Messano; the Acting Mayor assured him that, although he was late and out of order, every consideration would be extended to him.

Mr. James P. Meehan of 331 York Street, Jersey City, N. J., appeared before the Board.

By MR. MEEHAN:

Gentlemen of the Commission: I want to congratulate you. You are indeed the "chosen people." Yours is the glory of having been named the five men elected in our City for the first time in the last 35 years. No true elections were held prior to the year 1949. In 1917, and again in 1929 we held what were entitled "elections in this community, but at no time during these campaigns were we permitted the free exercise of speech and assembly—rights reserved to us by the Constitution and insured by the blood of our forefathers. One of your members, James F. Murray, was my associate in both those campaigns. He can attest the truth of my statement here made. You gentlemen are destined to have your place reserved in the history yet to be written about our City. I trust that God will insure to you, and to each of you, good health, long life and prosperity in your individual and collective efforts toward insuring freedom for the people of our community. I can well remember—and my recollections go back many, many years, the mother of your present Mayor, Honorable John V. Kenny. Her's was the daily self-assumed task of ministering to the wants of the poor particularly in the Second Ward of our City. It was not uncommon to see her in attendance at the home of a mother ministering to the needs of the family while the mother of that family lay stricken and under treatment at St. Francis Hospital. That grand lady died with the title "Angel of the Second Ward," conferred upon her by the unanimous vote of the suffering hundreds—yea, thousands, she so unselfishly attended. Her son, today, travels in her footsteps. It is in his blood. May I say he is a credit to that mother, to the land of his birth, to his religious tenets and to his God. It shall never be said of him that he is a "Hague" or "Malone"—these latter two being living symbols of the Almighty Dollar as opposed to a charitable concern for the rights of their fellowman.

I give thanks to God that he has selected such men as you to govern the future destinies of this fair City.

On motion of Commissioner Messano, seconded by Commissioner Murray and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 6th day of December, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.

JAMES A. TUMULTY, Jr.
City Clerk.

The City Clerk here advised the Board of Commissioners that he had received a communication from John J. Scanlon of 277 Harrison Avenue, dated December 15, 1949.

On motion of Commissioner Messano, seconded by Commissioner Murray and carried, the communication was referred to Commissioner Charles S. Witkowski, Director of the Department of Public Safety, for investigation.

The City Clerk presented a proposed resolution by Commissioner James F. Murray. Prior to its presentation and reading, Commissioner Murray asked leave to recall said resolution and then addressed the Board as follows:

This is a resolution wherein is contained the fact that this present Commission during the campaign went on record and gave their pledge that they would effect economy for the people of Jersey City. My particular department, at the end of seven (7) months of our administration, with the help of the employees of the

Department of Parks and Public Property, were able to effect a saving not from income but by the work of employees and the scrutiny of those who made purchases for our department. We effected a saving in our department of $365,000.00. I thought it would be fair to return as a dividend a part of that saving to the employees in my department. In this resolution one-third would be distributed among the employees of my department which would amount to $250.00 for each employee. However, a majority of the Commission here, on second thought, are of opinion that, instead of my turning back to the general treasury a quarter of a million dollars, the full amount of $365,000.00 should be turned back to the general treasury of the City. I don't want anybody to assume that I did this on my own. I brought it before a meeting of the Commissioners and it was agreed this morning in another conference that maybe it would not be fair to give it to the employees of my department and maybe they are right. You know the old saying, "A wise man changes his mind—a fool never." I still think that those who helped me to effect a saving should get a part of it. However, I am bowing to consensus on this. Two heads are better than one. I believe in majority rule. I request permission to withdraw the subject resolution."

At this point, the following persons recorded their respective appearances with the City Clerk and requested permission, each in order, to address the Commission:

Peter Lutz, 38 Prospect Avenue, Jersey City, N. J.
Walter Bogueslawski, 30 Clark Avenue, Jersey City, N. J.
Cornelius Kelly, 1000 Hudson St., Hoboken, N. J.
Jack O'Connell, 63 Sherman Place, Jersey City, N. J.
Joseph LeBlanc, 239 Wegman Parkway, Jersey City, N. J.
John W. Yengo, 244 Duncan Avenue, Jersey City, N. J.

Then followed a spirited exchange addressed to the subject of the attitude of the City respecting the future occupancy of the premises 206 Mercer Street, by the Corp. Fred C. Hall Post, Veterans of Foreign Wars.

Upon conclusion of the remarks of the various persons who addressed the Chair, Mr. Peter Lutz, supported by the recommendation of Cornelius Kelly, prayed leave of the Chair to have deleted from the minutes of the meeting any and all remarks made by those who addressed the Chair.

The Board concurred in the request and Commissioner Murray then remarked: "This action on your part may meet with *your* approval. As far as *I* am concerned anything and everything which I have said, may be retained in the record."

At this time the Mayor absented himself from the meeting and turned the gavel over to Commissioner Spence, Director of the Department of Revenue and Finance. Acting Mayor Spence thereafter presided.

At this time Commissioner Messano moved that the City Clerk proceed with the opening and reading of the sealed bids received as noted above.

Seconded by Commissioner Murray and carried.

The roll being called the foregoing resolution was adopted by the following vote:
Yeas: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.

Commissioner Messano, Director, Department of Public Works, made the following statement:

A single bid was received by the Board in response to its solicitation for bids to cover the costs of collection, removal and disposal of garbage, ashes, etc. This bid was referred to me, in regular course, for investigation, consideration and report.

I do now report, officially, that I have submitted to the Members of the Commission the results of my investigation, my consideration and my proposed report. We are in accord that the bid of the Scatuorchio Company was and is excessive. Hence, I have pursued a still further investigation with a view to learning the true state of facts surrounding the submission of this excessive bid. I conferred at length with the officials of the Scatuorchio Company. They sought to explain to me what prompted the preparation of the figures. They cited increased costs of gasoline, insurance, equipment, bond premiums, compensation insurance, social security taxes and general purchase and maintenance of new equipment. They felt that these justified the increase.

Frankly, I still considered the bid too high. I relayed to the Mayor and to my brother members of the Commission, my conviction in the matter. Without exception, my brother members of the Commission concurred in my views. I pursued the matter still further and again negotiated with the Scatuorchio Company. Briefly, the Company has come around to my point of view and have suggested their willingness to amend the bid to the lesser sum of $719,000.00. I am mindful that our City's population has increased; that the Company carried 1,028,025 cubic yards of garbage last year—this representing an increase of 28,000 cubic yards above and beyond the previous years; that, this year, they will be required to remove even more; that, in a word, all such figures indicate added responsibilities, added payroll disbursements and, most important, a more careful handling of the problem in this new administration.

All this being considered, I now move you gentlement of the Commission that it be

RESOLVED that, upon condition that the proposal heretofore submitted by Michael A. Scatuorchio, Inc., be amended so that the amount of its bid shall be $719,000.00 instead of $753,500.00, formal contract be entered into with said company by the City of Jersey City, with appropriate approval thereof first having been had by the Corporation Counsel, committing the City of Jersey City to the payment of the sum of $719,000.00 and covering the subject and terms of the original bid.

Seconded by Commissioner Murray and carried.

By MAYOR KENNY:

BE IT RESOLVED that all departments and offices in the City Hall of Jersey City be closed on Saturday, December 24, 1949 and Monday, December 26, 1949; Saturday, December 31, 1949 and Monday, January 2, 1950, provided, however, that the operation of this resolution shall not apply to those offices in which the nature of the business or the law requires be opened, which said last mentioned offices shall operate with a minimum number of employees.

The roll being called the foregoing resolution was adopted by the following vote:

Yeas: Commissioners Messano, Murray, Spence, Witkowski and Mayor Kenny.

Nays: None.

On motion of Commissioner Spence, seconded by Commissioner Murray and carried, the Board adjourned.

The foregoing is a true and accurate account of the proceedings of the meeting of the City Commission held on the 23rd day of December, 1949, which I attended. These minutes were taken and transcribed under my personal supervision and I hereby certify to their correctness.
